The Main Event

Sharing Kindness – Dr. Kimberly Mead-Walters – Founder & Executive Director

Sharing Kindness, seeded from the shared devastation of suicide and grief, tends a thriving community through empathy, education, and courageous conversation.

Both our community and the world are still learning how to support grievors and those who have been affected by suicide.

Our goal as a nonprofit is to inspire *courageous conversation* –

dialogue addressing these often, taboo subjects – by providing education and programs for grievors and their support networks. Many who are affected by grief and suicide also struggle with mental health; we want to eliminate the stigma around getting help, so that those who need it can reach out more confidently.

The following are just a handful of the ways they have worked to spread their message and provide education and programming throughout the Cape & Islands:

- Partnering with schools and community programs, in addition to collaborating with other nonprofits, to educate, advocate and prevent suicide, including school suicide prevention policies.
- Educating community members on how to reach in, if they suspect that someone may be suicidal.
- Reviewing and distributing best practice policies for print and spoken media around news coverage of suicide. Offering grief programming throughout the Cape and Islands, with curriculum developed and overseen by our licensed mental health clinician.

One in Nine children in Barnstable County will experience the death of a parent or sibling by the age of 18.

Children and Youth who have experienced the death of a parent or sibling are:

More likely to experience early mortality, including death from suicide.

Less likely to complete high school or enter higher education.

More likely to experience substance abuse.

More likely to experience mental health problems (e.g., depression, anxiety, somatic complaints, post-traumatic stress symptoms)

At increased risk for traumatic grief (e.g., a yearning for the deceased and lack of acceptance of the death)

Hope Squad is an evidence-based program for schools that reduces youth suicide risk through education, training, and peer intervention. Students are nominated by their peers to become members.

RACE to Be Human addresses the impact of racism on our mental health through the lens of students, experts, and educators.

Created for schools, communities and corporations, RACE To Be Human addresses the apprehension and confusion so many of us feel when it comes to talking about race and racism. The film examines micro-aggressions, allyship and the role of social media. It also shares how we can participate and build empathy through conversations at home, work, and school.

The program includes the full film, 11 film chapters, 2 bonus chapters, discussion guides, strategies, and tips to check ourselves and others while inspiring self-reflection, so that as individuals we are more aware, and as communities we can move forward more equitably.

As with our other film programs, RACE To Be Human weaves together personal testimonials and insights from students and parents with perspectives and data from educators, mental health practitioners and diversity and inclusion experts. Appropriate for all ages starting at 10 years old.

Check out the trailer for the documentary film: <https://www.youtube.com/watch?v=G11uXtdAm2A>

Here is an opportunity to see the entire film and participate in a community discussion. See the flyer for details:

SHARING YOUR DEIB MOMENT

A goal of our **Club's** DEIB Committee for the 2023-2024 Rotary year is to continue to have a Club member share their DEIB moment during our Club meetings held on the 2nd and 4th Friday of each month. Our weekly Rotary meetings are a safe place and time for all to share their personal experiences on diversity, equity, inclusion and belonging.

If you are interested in presenting your DEIB moment to our membership during a Club meeting, please contact Ann Knell to sign up and schedule a date to share your DEIB moment.

HELP WANTED: Needed one to three club members that can share the duties of writing the articles for the weekly TGIFY. Tomas has been doing a lot of the writing this past year but has taken on other duties in the club. Steve Albright has been doing the layout, finding additional information/stories and publishing the TGIFY for the past 12 years and will continue to do this but cannot take on the additional job of writing. To volunteer or find out additional information contact Tomas or Steve. If nobody steps up to volunteer it could mean the end of or major changes to the TGIFY. In addition, the DEIB committee has been providing weekly submissions for the newsletter and we have a DEIB speaker every other week so the workload has increased.

COVID & CORKS—Wine cork recycling benefits our earth's sustainability. The Rotary Club of Yarmouth keeps on collecting corks and to date we have shipped at least 10 boxes of corks be recycled and then upcycled. Funded by the Widget Company, Cork Club is a sustainability initiative started in 2007. The goal of the Cork Club is to grow wine cork recycling and make donations to causes that protect our oceans and forests. The Cork Club donates to non-profit entities that clean plastic from our oceans, prevent deforestations and teach better ways to live in harmony with our environment. To date Cork Club has donated \$121,800 to these projects. For each natural cork, 2 cents is donated. Synthetic corks are recycled properly. So enjoy your wine and save the corks. All corks can be given to Jill Albright who will then ship them to Cork Club. **KEEP THOSE CORKS COMING!!!!**

Cutches 4 Africa - Collection of items for the Crutches 4 Africa is an ongoing project, Lou Preziosi has taken over the leadership of this program.

If you, your relatives, friends or neighbors have any mobility devices please collect them and turn them in at the Yarmouth Transfer Station or the Boy Scout Office. You can also reach out to Lou if you need them picked up. Watch for people throwing them out when you visit the transfer station yourself. I saw someone discarding 3 great canes and was able to rescue them before they went into the dumpster.

Thank you to Roby for allowing us to use a storage container at the Yarmouth Waste Facility.

MEALS ON WHEELS – Currently Meals on Wheels is experiencing a shortage of drivers for the delivery of daily meals. If you have a couple of hours one day a week and can volunteer to deliver meals for them, please contact the Elder Services Group at the Yarmouth Senior Center. They are there Monday – Friday from 9 -11. These deliveries are in addition to the service that we provide them through our weekly deliveries on Tuesday.

Rising Star - Alia Atwood Cape Cod Tech

Alia is an 11th grade student in the culinary program. She is a member of the school ambassador program giving tours to prospective students. She has been on the honor roll since the 6th grade. She volunteers doing clean up work at local beaches. Her plan is to study either at Curry College to obtain a law degree or Johnson and Wales to continue baking.

CAPE COD BRITE LIGHTS

Cape Cod Brite Lights a501c(3) corporation that was started by our Rotary Club is now in it's third year. Its mission is "to help those in need on Cape Cod. "Our main focus to date has been to provide weekend backpacks of nutritional food for needy elementary students in the DY School System. A backpack of food consists of shelf stable milk (white & chocolate), juice carton, cereal, instant oatmeal, two proteins which could be a can of tuna, chicken, pasta, soup or beef stew, a cup of apple sauce, macaroni and cheese, Nutra grain fruit granola bar, cheese its, fruit snacks, pudding cup and 2 pieces of fruit. In addition, to give each student some activities to do during the holiday break we put a coloring book and crayons in each bag. We started with a total of 25 students but have grown to 45, an increase of over 80%. In addition, with the assistance of Interact we have started to provide the school nurse with feminine products for high school girls. In addition we will be providing students in need with bags of hygiene products during the upcoming school year. The Interact Club has applied for a District Grant to support this project.

How you can help:

First: Currently we have a board of directors of 11 members. Our bylaws allow us to have a maximum number of 13. If you would like to be a part of our leadership, please contact Steve Albright.

Second: We fill the backpacks and bags of food every Wednesday night at 5:30PM at the Yarmouth Food Pantry. If you would like to help one or two nights a month, again please contact Steve Albright. Currently we have enlisted the local Girl Scout Troop to help on the first Wednesday of each month and the DY Interact Club to help on the third Wednesday of each month. We are trying to make it a community organization where anybody can be a part of it.

Third: It costs \$300—\$350 yearly to support one child's backpack and although we don't have a total figure on the hygiene project, we know that the items provided are costly. You can make a donation to support these two projects by sending your check to:

Cape Cod Brite Lights—PO Box 286, West Yarmouth, MA 02673-0286

Or you can visit our website at Capecodbritelightsinc.com and make a contribution with your credit or debit card. In addition you can now sign up to make monthly donations to Brite Lights. A smaller amount each month makes it much easier. Visit our Website.

Fourth: Visit our website and learn more about us. Capecodbritelightsinc.com

Crutches For Africa

A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Mike Riley along with members of the International Committee are heading this project up but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Mike Riley a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs or other types of devices.)
