PUBLISHED WEEKLY BY THE ROTARY CLUB OF YARMOUTH

## The Main Event

**Guest Speaker Bob Whritenour, Town Administrator** - He is the only person in the history of Cape Cod to serve as town manager in 4 communities. He studied urban policy at URI, and is from Providence. He has been on the Cape since, and has served as town manager in Mashpee, Falmouth, and Oak Bluffs. He understands the issues facing the town, wastewater, traffic, housing, jobs, educational issues, partnerships throughout the educational community, substance abuse and more. “It is a unique and great community and I am honored to be here. There is such a wonderful sense of place, in such a tight-knit community. We are right in the middle of the Cape and the challenges hit us here in Yarmouth.” He spoke about his strong sense of ethics, openness, honesty - “anyone can see me at any time. I am accessible and open to speak about any issues at any time.”

Bob stated that his goal is to increase communication between departments, boards and elected officials, town government, and individual residents. “The networks of communication are strong and people are very engaged. There is a tremendous sense of consensus as to how to move the town forward. People should feel connected to town government and the stewardship.”

He presented the issues in town currently:

**Wastewater** - We are in critical dire straits, as are most communities on the Cape. Our natural resources are pivotal for town, we have detailed scientific analysis on how to solve it. We didn't realize that economic development would be stymied by the Title V systems. “Curt Sears is a true community leader and a man I respect tremendously.” Yarmouth is ready, prepared, and has a financial program that doesn't go directly to property taxes. Dennis and Harwich are in the midst of their planning stages. They need more time to build their community consensus. “It is time for the Town of Yarmouth to continue on and show leadership with resurrecting the original plans for treatment in Yarmouth. There will be regional components in the future, but it is on us to keep moving forward and continue to work with the regional partnerships in the future.”

**Pandemic Task force** - Started planning to reopen town services fully. He worked with department heads to open back up. Leveraging technology is part of the plan going forward. With the vaccination rates high in Yarmouth, the variants should not shut down the town again.

**Cable TV license** - Renewed Xfinity's service center in town for another 5 years. They have also secured a 10-year program to maintain fiber optic connectivity for the town. He is pushing for faster and better connectivity.

**Parkers River Bridge** - The water flow is better than it has been in many years. The impact on the nitrogen flow has been tremendous and the watershed is much healthier now.

**Retooling of Town Government** - The leadership and department heads are wonderful. The Assistant DPW director, Roby Whitehouse, is phenomenal and brings a different perspective to a male-dominated area.

He closed stating that the town is on the right track and doesn't need to turn hard right or left, just keep moving forward.

Stephanie spoke to the club about growing up in upstate New York. Went to the Crane School of Music and got a job in the DY district right out of college. She was a nationally ranked figure skater. **CAPE COD BRITE LIGHTS**

You have heard me mention or talk about the new 501c(3) corporation that was recently started by our Rotary Club. It is named Cape Cod Brite Lights and its mission is to help those in need on Cape Cod. Our main focus to date has been to provide weekend backpacks of nutritional food for needy elementary students in the DY School System. A backpack of food consists of shelf stable milk (white & chocolate), juice carton, cereal, instant oatmeal, two proteins which could be a can of tuna, chicken, pasta, soup or beef stew, a cup of apple sauce, macaroni and cheese, Nutra grain fruit granola bar, cheese its, fruit snacks, pudding cup and 2 pieces of fruit. In addition, to give each student some activities to do during the holiday break we put a coloring book and crayons in each bag. We started with a total of 25 students but have grown to 45, an increase of over 80%.

In addition, to the backpacks we have focused on providing a weekly food bag to clients at Community Connections. These clients are ones that are living on their own but are also struggling to keep their heads above water. About 15 – 18 food items are provided each week to each client to help supplement their food insecurities.

**How you can help:**

First: Currently we have a board of directors of 11 members. Our bylaws allow us to have a maximum number of 13. If you would like to be a part of our leadership, please contact Steve Albright.

Second: We fill the backpacks and bags of food every Wednesday night at 6:00 PM at the Yarmouth Food Pantry. If you would like to help one or two nights a month, again please contact Steve Albright. Currently we have enlisted the local Girl Scout Troop to help on the first Wednesday of each month and the DY Interact Club to help on the second Wednesday of each month. We are trying to make it a community organization where anybody can be a part of it.

Third: It costs \$150 yearly to support one child's backpack and \$250 yearly to support a weekly food bag. If you would like to financially support a child or a Community Connection client, checks can be mailed to:

**Cape Cod Brite Lights—PO Box 286, West Yarmouth, MA 02673-0286**

Or you can visit our website at [Capecodbritelightsinc.com](http://Capecodbritelightsinc.com) and make a contribution with your credit or debit card.

## Crutches For Africa

### A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Mike Riley along with members of the International Committee are heading this project up but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Mike Riley a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs or other types of devices.)
