## The Main Event

### District Governor Angela Ponte

District Governor Angela Ponte was raised in Canton, MA. She has 6 brothers and 2 sisters. She joined the Plymouth Rotary in 1992 and then transferred to Quincy Rotary Club. Both Angela and her husband Barry have attended many Rotary International conferences.

Yesterday she received an email from the President of Rotary International on the events in the Middle East. He has reached out to a previous business partner who lives in Israel as well as the District Governor from the Rotary Club of Nazareth. Neither have responded in the week. Currently, we are waiting to hear what we can do to help those affected.

Gordan McNally's theme this year of Create Hope in the World has taken on new meaning. DG Ponte looked back in history to the time of when polio was around. She found pictures of members sitting at tables in public parks wearing masks so similar to how we were during the Covid pandemic. The most important part of meeting in person goes back to Paul Harris who created Rotary because he was socially isolated. He felt the need for human friendship and fellowship. President McNally said the best way to get something out of membership is to get out there and do things for others.

Goal of the District Governor is to support the president of the club and the board. She has sent out numerous emails and includes her email and phone number. She wants all members in the district to be able to reach out and ask questions.

## HOLIDAY FOOD BASKETS

5th year we are going to do Holiday Baskets at Station Avenue and ME Small and are collecting funds to make baskets for Thanksgiving and Christmas. Please reach out if you would like to donate. It usually costs about \$5,000.

## SHARING YOUR DEIB MOMENT

A goal of our Club's DEIB Committee for the 2023-2024 Rotary year is to continue to have a Club member share their DEIB moment during our Club meetings held on the 2<sup>nd</sup> and 4<sup>th</sup> Friday of each month. Our weekly Rotary meetings are a safe place and time for all to share their personal experiences on diversity, equity, inclusion and belonging.

If you are interested in presenting your DEIB moment to our membership during a Club meeting, please contact Ann Knell to sign up and schedule a date to share your DEIB moment.

## Black Wall Streets Across America

You may have heard about “Black Wall Street.” The following article published in the Boston Globe highlights the atrocities and continuing battle to get justice after more than 100 years. After Reconstruction in the United States following the Civil War, when many Jim Crow laws were put in place to keep African Americans as marginalized citizens, Blacks took it upon themselves to create their own thriving communities in many towns and cities throughout the country. Many White citizens saw this as a threat and took action to destroy these thriving and self-sustaining communities. Greenwood in Tulsa Oklahoma was one of these towns.

Check out the link below for a comprehensive video of the Black Wall Streets of America. There is also an exhibit at the National Museum of African American History in Washington, DC on the Black Wall Streets of America.

## For a race massacre survivor, the tragedy of justice delayed and denied.

By Renée Graham, Globe Opinion columnist

All **Hughes Van Ellis**, one of the last three known survivors of the **1921 Tulsa Race Massacre**, wanted and deserved was the most elusive thing for a Black person in America — justice.

“We’re not asking for a handout,” he told the House Subcommittee on the Constitution, Civil Rights and Civil Liberties in 2021. “All we are asking for is for a chance to be treated like a first-class citizen who truly is a beneficiary of the promise that this is a land where there is ‘liberty and justice for all.’”

For a century, Ellis waited for justice that would not be served. He died Monday at the age of 102.

Like the other two known massacre survivors — his older sister, **Viola Ford Fletcher**, 109, and **Lessie Benningfield Randle**, who is 108 — Ellis was a child when white men rampaged through Tulsa’s Greenwood district, then home to more than 10,000 Black people. For years, its residents-built homes, businesses, and churches into a prosperous community that was known as “Black Wall Street.” In defiance of Jim Crow, they carved out their long-deferred American dream.

Furious that Black people dared to find a way out of no way, a white supremacist mob destroyed Greenwood in less than 24 hours. Between May 31 and June 1, they torched those homes, businesses, and churches. From **planes** they reportedly dropped accelerants or incendiary devices. Black people were shot, beaten, or incinerated. Exactly how many perished has never been known — their bodies were shoved into unmarked mass graves that are **still being found and exhumed in Tulsa**.

Those who escaped lost their livelihoods, their community, and the generational wealth painstakingly built for their families. “Because of the massacre, my family was driven from our home,” Ellis **told** the House subcommittee. “We were left with nothing. We were made refugees in our own country.”

Then America did what it has often done rather than face the unbearable weight of its atrocities — it forgot about Greenwood. Those harrowing stories weren't taught in classrooms. They weren't recorded in history books or marked with moments of silence. There was certainly no recompense for what was taken from Greenwood's residents.

"You may have been taught that when something is stolen from you, you can go to the courts to be made whole. You can go to the courts to get justice," Ellis said. "This wasn't the case for us. The courts in Oklahoma wouldn't hear us. The federal courts said we were too late."

Hughes Van Ellis, 1921 Tulsa Race Massacre survivor, who died Monday at the age of 102. (Credit: Justice for Greenwood Foundation)

The indignity of a nation's neglect became another burden for survivors to bear. But they and their descendants kept their painful memories alive rather than allow them to be buried along with all those still-unidentified bodies. Greenwood was not the first race massacre in America, nor was it the last. Until recent years, what happened there was commonly called a "riot," which falsely suggested shared culpability between the white men who carried out the planned massacre and the innocent Black residents they slaughtered.

But just as Holocaust survivors challenged Holocaust deniers, Greenwood survivors have not only contested this nation's damning silence on racist horrors untold, but they've also demanded recognition and restitution.

During that transient moment after George Floyd's murder in 2020, it seemed like the Greenwood survivors would finally receive some redress. But like the racial reckoning that turned out to be a mirage — and an unwilling prelude to the ongoing white supremacist backlash — they would be left wanting and waiting again.

In July, an Oklahoma county district court judge in Tulsa **dismissed a lawsuit** for reparations filed by Ellis, Fletcher, and Randle after state officials argued that compensating them would be too great a financial burden for the state and city to bear. After an appeal, the **Oklahoma Supreme Court** is now considering the case, but the state has told the court it won't consider a settlement with the survivors. Then there is **Ryan Walters**, Oklahoma's ultra-rightwing superintendent of public instruction, who said that schoolchildren should not be taught that race had anything to do with the Tulsa Race Massacre.

Only two known survivors remain. It's as if Oklahoma officials are trying to wait them out until glory calls them, as it has now summoned Ellis home. Concluding his congressional testimony, Ellis, a World War II Army veteran, said, "I still believe in America. I still believe in the ideals that I fought overseas to defend. And I believe if given the chance you will do the right thing and justice will be served."

If that elusive justice ever comes it will be dimmed by the tragedy that Ellis, who fought so hard for so long, did not live to see it.

Steve Albright has been doing the layout, finding additional information/stories and publishing the TGIFY for the past 12 years and will continue to do this but cannot take on the additional job of writing. To volunteer or find out additional information contact Tomas or Steve. If nobody steps up to volunteer it could mean the end of or major changes to the TGIFY. In addition, the DEIB committee has been providing weekly submissions for the newsletter and we have a DEIB speaker every other week so the workload has increased.

**MEALS ON WHEELS** – Currently Meals on Wheels is experiencing a shortage of drivers for the delivery of daily meals. If you have a couple of hours one day a week and can volunteer to deliver meals for them, please contact the Elder Services Group at the Yarmouth Senior Center. **COVID & CORKS**—Wine cork recycling benefits our earth’s sustainability. The Rotary Club of Yarmouth has over the last 18 months collected 14 pounds of corks which are sent to be recycled and then upcycled. Funded by the Widget Company, Cork Club is a sustainability initiative started in 2007. The goal of the Cork Club is to grow wine cork recycling and make donations to causes that protect our oceans and forests. The Cork Club donates to non-profit entities that clean plastic from our oceans, prevent deforestations and teach better ways to live in harmony with our environment. To date Cork Club has donated \$121,800 to these projects. For each natural cork, 2 cents is donated. Synthetic corks are recycled properly. So enjoy your wine and save the corks. All corks can be given to Jill Albright who will then ship them to Cork Club. **KEEP THOSE CORKS COMING!!!!**

#### CAPE COD BRITE LIGHTS

Cape Cod Brite Lights a501c(3) corporation that was started by our Rotary Club is now in it's third year. Its mission is "to help those in need on Cape Cod. "Our main focus to date has been to provide weekend backpacks of nutritional food for needy elementary students in the DY School System. A backpack of food consists of shelf stable milk (white & chocolate), juice carton, cereal, instant oatmeal, two proteins which could be a can of tuna, chicken, pasta, soup or beef stew, a cup of apple sauce, macaroni and cheese, Nutra grain fruit granola bar, cheese its, fruit snacks, pudding cup and 2 pieces of fruit. In addition, to give each student some activities to do during the holiday break we put a coloring book and crayons in each bag. We started with a total of 25 students but have grown to 45, an increase of over 80%. In addition, with the assistance of Interact we have started to provide the school nurse with feminine products for high school girls. In addition we will be providing students in need with bags of hygiene products during the upcoming school year. The Interact Club has applied for a District Grant to support this project.

#### How you can help:

**First:** Currently we have a board of directors of 11 members. Our bylaws allow us to have a maximum number of 13. If you would like to be a part of our leadership, please contact Steve Albright.

**Second:** We fill the backpacks and bags of food every Wednesday night at 5:30PM at the Yarmouth Food Pantry. If you would like to help one or two nights a month, again please contact Steve Albright. Currently we have enlisted the local Girl Scout Troop to help on the first Wednesday of each month and the DY Interact Club to help on the third Wednesday of each month. We are trying to make it a community organization where anybody can be a part of it.

**Third:** It costs \$250—\$300 yearly to support one child's backpack and although we don't have a total figure on the hygiene project, we know that the items provided are costly. You can make a donation to support these two projects by sending your check to:

**Cape Cod Brite Lights—PO Box 286, West Yarmouth, MA 02673-0286**

Or you can visit our website at [Capecodbritelightsinc.com](http://Capecodbritelightsinc.com) and make a contribution with your credit or debit card. In addition you can now sign up to make monthly donations to Brite Lights. A smaller amount each month makes it much easier. Visit our Website.

**Fourth:** Visit our website and learn more about us. [Capecodbritelightsinc.com](http://Capecodbritelightsinc.com)

## Crutches For Africa

### A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Mike Riley along with members of the International Committee are heading this project up but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Mike Riley a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs or other types of devices.)
