The Main Event

Roby Whitehouse – Waste Management – Assistant Public Works Director was a pinch hitter as our speaker on Friday. She gave us an update on the transfer station and changes being made there especially with the recycling area. Constant changes to the waste streams, the cost of getting rid of the waste or the cost that Yarmouth is paid for the waste is leading to most of the changes in the recycling area. For example: The amount of newspapers that are being disposed of has significantly dropped with everybody using media news so they will be combining the newspaper with mixed paper. Glass is another area where there will be a separate dumpster just for glass. There will also be changes at the platform area where the construction debris is collected. Damage to the existing walls has occurred when the payloaders crush the debris against the block wall to make it smaller to fit into the trailers. The walls will be replaced and repairs done to this area. For more info visit the town of Yarmouth website. Thank you Roby for pinch hitting. You hit a home run with your talk.

Joe Potzka has taken over the leadership of this program.

If you, your relatives, friends or neighbors have any mobility devices please collect them and turn them in at the Yarmouth Transfer Station. You can also reach out to Lou if you need them picked up. Watch for people throwing them out when you visit the transfer station yourself. I saw someone discarding 3 great canes and was able to rescue them before they went into the dumpster.

Thank you to Roby for allowing us to use a storage container at the Yarmouth Waste Facility.

The Rotary Foundation:

Any time of the year is always a great time to make a contribution to the Rotary Foundation. You can designate the Annual Fund, Polio Plus where your contribution will be matched by the Bill and Melinda Gates Foundation 2 to 1, or you can choose any of the seven areas of Focus to designate your contribution to. For more information or how to donate to the Rotary Foundation, please feel free to speak with Steve Albright who chairs the Rotary Foundation Committee for our cub.

Rotary is a global network of 1.4 million neighbors, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.

Ask a relative, a friend, a neighbor, a business associate or a co-worker to join us so we all can do more in our community and our world.

Crutches For Africa

A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Joe Potzka along with members of the International Committee are heading this project up, but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Lou Presiosi a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs)
