

# WHY ROTARY

**Craig Bishop**  
Mechanical Contractor

**John Reed**  
Zion Union Heritage Museum

“In the world we live in today, where there is such a diversity of races, religion and interests, it is refreshing to see how the Rotary principle “Service Above Self” can cut across barriers for the good of mankind.”

- Craig Bishop

“Rotary has been a learning experience in many ways. First the depth in which Rotary deals with service to communities and with humanitarian causes. Second the attention paid to mentoring new members, giving them opportunities to serve in leadership capacities. Lastly the ability to network with other Rotarians to learn best practices in various professional areas.”

- John Reed

***Rotary...building communities,  
bridging continents everyday. Join Us.***
