REVIEW CRITERIA

- The Club will conduct reviews of applications submitted through online and mail in application process and select those that meet the criteria and budget.
- Incomplete and / or late applications will not be considered.
- Grants generally range from \$250 to \$1,500. Larger grants may be considered based on available funds.
- All grant requests must be for a specific project or initiative.

ELIGIBILITY CRITERIA

- The Rotary Club endeavors to give priority to charitable 501(c)(3) nonprofit organizations and public schools in the Washington County that serve residents of the Chariho and Exeter communities, but grants are not limited to such organizations.
- A newly completed application must be submitted each year, and a grant award in one year does not guarantee an award for the following year. A grant award is made at the sole discretion of the Rotary Club of Chariho and the decision of the Club is final.
- If a program, project or service is county-wide, Rotary Club of Chariho encourages the requesting organization to seek funding from other area Rotary Clubs as well.
- Project and/or service must address a local need, be available to the community as a whole and/or target a specific in-need segment of the community.
- The higher the number of people served, the better.
- The Rotary Club prefers to provide seed-money for new, unique and innovative projects and services or for the purchase of specific equipment.
- The Community Giving Committee applauds opportunities for matching grants although the Committee will not take responsibility for monitoring, tracking and auditing to assure grants are matched.

- Applying organizations are not required to present their application before the Rotary Club but may be asked to speak at a club meeting to educate members about their organization or project.
- Applicants must submit the application provided to the Community Grant Committee. This will allow all organizations an equal opportunity to request grant funds.
- Recipients of Rotary Grants are asked to announce, advertise, or otherwise publicly recognize Rotary as a donor.
- Grant recipients are required to make a presentation at a Rotary meeting upon completion of the project.

GENERAL EXCLUSIONS

In general, the Rotary Club does not grant funds to the following types of organizations or projects:

- Religious activities or projects that serve, or appear to serve, the doctrine of a specific religious group or denomination. If a proposal submitted by a church-based or similar organization is intended to serve a broad segment of the population, as would a project of a comparable non-religious organization, the committee will consider the proposal on the same basis as proposals from other nonprofits.
- Political lobbying, political campaigns or legislative activities
- Debt retirement or deficit financing
- Operating Expenses
- Individuals
- Development Funds or Foundations
- Multi-Year Requests
- Requests from Charitable Organizations for Scholarship Funds

- Financial and community need
- Availability to the community as a whole or to a large in-need segment of the community
- Ability to improve community members' lives
- Measurable results
- Decisions not to fund particular applications are more likely to result from limited resources than to reflect upon the merits of the applicant or the worthiness of the proposal.
