

SPARK and Transportation

SPARK is a community initiative of the Rotary Club of Harwich-Dennis. It helps teens and young adults overcome some of their challenges with everyday life. It sets the stage for them to be successful as they transition from high school to secondary education, certificate programs, and the workforce. SPARK is an effort to influence that success.

As part of the SPARK Program, we have developed Transportation resource offerings that can help teens and young adults. We have identified specific things that our Club can do to alleviate some of the challenges faced by certain populations regarding transportation.

Without transportation, a teen or young adult has difficulty getting a job. Without a job, they have difficulty improving independence, responsibility, communication, and social skills, to name a few. In an effort to help with transportation needs that seem to be widespread on the Cape, our club has developed the services identified here.

Reliable Transportation Changes Everything

Why It Matters

Without reliable transportation, young people struggle to get to work, school, and community activities. SPARK Transportation removes barriers so Cape teens and young adults can build independence, responsibility, and confidence.

Services

Drivers' Education
Vehicle Repairs
Vehicle Purchases
Vehicle Insurance
Gas & Ride Gift Cards

Eligibility

Focused on Harwich & Dennis residents ages 16 – 24, with flexibility for teens and young adults in other Cape Cod communities when appropriate.
