

# Wellsprings of Change

10 students

1 goal

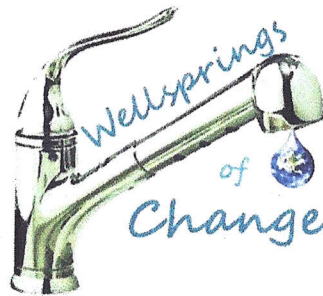

1 well

5,000 dollars

Up to 800

*lives  
changed*

Wellsprings of Change is a group of students devoted to fighting the water crisis. We are holding an end-of-summer dance on August 15th at the Hilton Garden Inn in Twinsburg to raise \$5,000 to build a well. We also strive to spread awareness about the water crisis to all generations in our community.

Or find us on Facebook

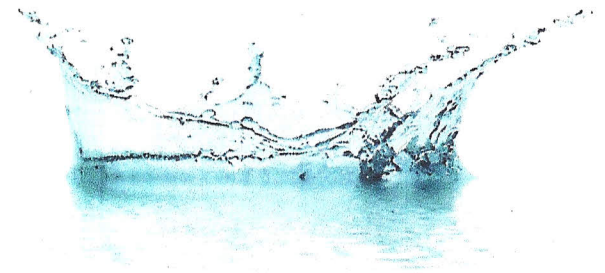

Please contact us if you wish to donate or offer other assistance.

Every 15 Seconds  
a child **DIES**  
from a lack of  
clean water.

You can change that.

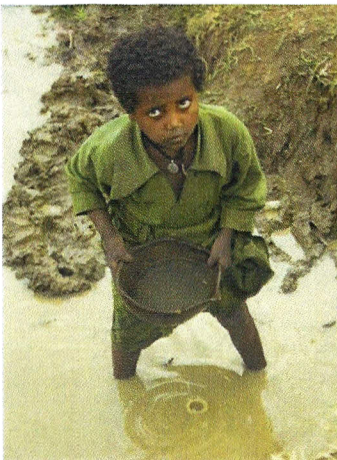

AUGUST 15<sup>th</sup>

End-of-Summer Dance

# The Water Crisis

- ◆ One billion people in the world do not have access to clean water.
- ◆ An average American uses 150 gallons of water per day. An average person in a developing nation struggles to find 5.
- ◆ 40 billion hours are wasted every year in Africa by people walking to collect contaminated water
- ◆ \$20 can provide one person with clean water for 20 years.

## 4,500

CHILDREN  
WILL DIE  
TODAY FROM  
WATER  
RELATED  
DISEASES.  
**HELP.**

## You Can Make *a Difference*

Any assistance you could give would greatly help our efforts. Here is a list of items we are especially in need of:

- ◆ Food to serve at the event
- ◆ T-shirts to spread awareness
- ◆ Decorations
- ◆ Music
- ◆ Printing
- ◆ Advertising in businesses
- ◆ Word-of-mouth advertising
- ◆ Sound equipment
- ◆ Donations

## charity: water

After researching many organizations, we have determined that charity: water is the organization most fitted to our cause, and we send them **all of the profits** from our dance and any donations we receive.

Charity: water is a non-profit organization that **installs wells, sanitation facilities, and other water-related structures** to the poorest regions of sixteen different countries in Africa, Asia and Central America.

It has private donors and sponsors that cover organizational costs, so **100% of all money raised goes straight to these projects.**

Charity: water has **built over 2,524 projects and served over one million people** in the last three years.
