THE FOUR WAY TEST OF THE THINGS WE THINK, SAY OR DO

Is it the truth? Is it fair to all concerned? Will it build goodwill and better friendships? Will it be beneficial to all concerned?

Week of June 13<sup>th</sup> 2019

## WELCOME TO ROTARY!

We are neighbors, community leaders, & global citizens uniting for the common good. With you, we can accomplish even more.

Reasons to love Rotary right now .... Reason #124: **Rotarians work to build more peace**

**The Power Of Nonviolent Action In An Increasingly Violent World.** The 2019 Global Peace Index shows the world is less peaceful today than at any time in the last decade.

In a world increasingly divided and violent, there is a **growing need for individuals trained in, and equipped with tools in, peacebuilding and protection.** **Nonviolent Peaceforce (NP) is a global non-profit founded in 2002 and focused on protecting civilians nonviolently** through the unique tool of unarmed civilian protection (UCP). **The Rotary Peace Fellowship programs train existing and emerging peace and development leaders** with the knowledge, practice, and networks needed to address root causes of conflict to help build more peaceful communities.

The work of NP and Rotary has intersected in unique ways over the years: To date, fourteen NP staff and volunteers have received Rotary Peace Fellowships, several MA-level fellows have chosen NP for their applied field experience and local Rotary clubs contribute to both training and the development of new NP programs.

### Last Week: June 6<sup>th</sup> - Matt Hoffmann with Harley Davidson

Matt Hoffmann, Technical Senior Project Lead & Engineer at Harley Davidson provided our club with some background and updated information about the iconic American motorcycle manufacturer founded in 1903 in Milwaukee Wisconsin.

The Harley Davidson Museum is one of the top attractions in Milwaukee. Check out their Web site at: <https://www.harley-davidson.com>

In addition to reviewing some new products (ex. the new line of electric motorcycles), Matt also shared some engineer humor. How do you tell the difference between an introvert engineer vs. an extrovert engineer? The introvert looks at his shoes when talking to you and the extrovert looks at your shoes when talking to you!

Harley Davidson's new LiveWire electric motorcycle.

### This Week: June 13<sup>th</sup> - Donna Jean Agnelly -Civil War Road

- Thank you, Lisa Berman

Judy Shabman helped run our Rotary club tent at the 2019 West Allis A La Carte.

P.S. Silly Jokes 😊: How does a gym teacher travel? He flies coach. ♦ What makes a loaf of bread happy? Being kneaded. ♦ What did the firefighter wear to work? A blazer. ♦ If an apple a day keeps the doctor away, what does an onion a day do? It keeps everyone away! ♦ What would you get if you crossed a water balloon with a needle? Wet. ♦ What's black and white and very dangerous? A zebra on a skateboard. ♦ Why is KFC a dangerous place to eat? Because you will probably see a man eating chicken. 😊
