Re: Foxboro Police International Exchange Program with the Haitian National Police 2018

We created this program in 2018 to enhance international law enforcement cooperation and the cultural competence of our officers and without your support and cooperation it would not have been possible.

Detective Pat Hoffman and Officer Steve McGrath from Foxboro PD had an amazing journey to Haiti in March of this year. Officers Yvon St Juste and Stephanie Louis spent an amazing week here in Foxboro and throughout Massachusetts meeting with our collaborative partners from June 18 through June 22.

Your organization was a major part of the success of the week and we are eternally grateful.

The future of law enforcement and the future of the world just got a little brighter thanks to you.

Chief Bill Baker
