## “Magic of Rotary” Conference

The Steubenville Rotary Club is part of Rotary International District 6650, and each spring the District sponsors a District Conference in the spring that is open to all Rotarians.

This year the District Conference will be held at the Avalon Inn at Warren, Ohio on Thursday evening May 10, and Friday May 11 finishing about 4 pm. This is a great facility and the Conference this year is a one day affair with a block of rooms available for attendees.

The Conference will begin late in the day on Thursday with a reception and dinner, with speakers on Friday detailing RYLA, youth exchange, the Rotary International Foundation, and membership.

The theme of the conference is “Magic of Rotary” and I am sure you would enjoy sharing with Rotarians from all over our District. For golfers, there will be an informal golf outing on Thursday morning at the adjoining Avalon Lakes Golf Course, a Pete Dye designed course which will be \$ 75.

Watch for registration information which is due out shortly.

## **Mobile Phones impacting Rotarian Work Across the Globe.**

Mobile phones and simple text messaging may be the keys to victory in the world's largest public health initiative: the eradication of polio.

As the disease retreats from the global stage, thriving in only a few remote areas in three countries, it's up to health workers to deliver vaccines and share information with speed and accuracy.

Community health workers across the nation have received more than 800 phones through a partnership with Rotary, the Pakistani government; Telenor, the country's second-largest telecommunications provider; and Eycon, a data monitoring and evaluation specialist. Organizers plan to distribute a total of 5,000 cellphones by the end of 2018.

## **Rotary Career Day, Huge Success!**

Hats off to Laurel McDowell. Over 90 students from Steubenville High School and Steubenville Catholic Central joined us on February 23 to learn about Rotary. Students were then sent to various locations across the county to shadow our members and other community leaders.

Scott Lane, fellow Rotarian and Ineract Advisor, spoke to students and Rotarians about the importance of giving back to our community. If you would like to hear his entire presentation, [please click here](#).
