Dear President Angel:

On behalf of the Garaway Board of Education, faculty, staff, and students, thank you for the \$5,123 in grant money. The board accepted this generous grant on September 14. It will be used to supply Nexus tablets to our elementary students.

As you know, technology has become an important part of a relevant and inspirational education. Without this grant, we would not be able to fund this project. These tablets will help us achieve three goals for using technology with students:

- Create, collate, and publish digital content;
- Engage in asynchronous learning;
- Explore the world outside the classroom.

Once again, we sincerely thank you for helping us impact the lives and learning of students. If you ever want to see this in action, feel free to contact one of our schools. Together we are acting as a gift to the world.

Sincerely,

James A. Millet
