

This is Not Your Father's Rotary.

(To borrow a popular phrase).

The truth is, few people know much about what Rotary is or *does* internationally, or in their own community. We'd like to change that.

Please be our guest next Thursday (11/20), for breakfast at 7:15 am at the Lake Area Community Bank, to learn more. We have a very special guest speaker, Chrysanne Manoles, who will share her own personal and inspirational Rotary journey.

Whether you're completely new to Rotary, or you've had some exposure, we'd like you to come hear about the great things happening around the world and in your own back yard. There are also some **new membership structures** available for companies/organizations and families, to make joining even easier.

An RSVP would be appreciated: email michele@mintroofing.com with a number we can expect (because of course you can bring a friend, too).
