

## ADOPTION AWARENESS PICNIC

The Arlington Sunrise Rotary Club started the Adoptions Awareness picnic in 2010. The purpose of this annual event was to put children in the Foster care program in a friendly, fun environment where potential adopting parents could intermingle with the children, With approximately 575 kids attending, about 147 children have been adopted as a result of this opportunity for the children and their prospective family to meet face to face in a welcoming setting.
