Today's Program

Lionheart Academy

Karin Laymance

Lionheart is a non-profit Christian organization committed to excellence in early childhood education. We are passionate about equipping kids to be world changers, and supporting working parents who need quality, affordable care and education for their children.

Lionheart Children's Academy is committed to partnering with you to give your child the best possible start. With an emphasis on children's educational and spiritual growth, we address the needs of the whole child. Our staff selection is based not only on qualifications, but also on a passion for teaching and an abiding love for children. This purposeful and holistic approach to early care and education ensures that your child has a strong and healthy foundation for learning and for life.

Lionheart partners with parents as they love and raise their children. For us, that is a sacred trust. We desire to cultivate real relationships of love and support for our parents in the daily hustle and bustle of life. This includes the simplest things like help during drop-off and pick-up, as well as providing an occasional family meal so parents can spend more time with the kids when they get home. We communicate regularly with parents to update them on all aspects of their child's progress, so they can reinforce learning at home.

A child's day should be full of fun and laughter. At Lionheart, we take fun seriously, understanding that children learn and grow more through play and fun than through any other education medium. We strive to create an environment throughout the academy where kids not only learn, but have a FUNtastic time doing it. You will see this message reflected throughout the program - through our distinctive buses, daily activity plans, and team culture.
