

## Linking Leaders: Developing the Leader Within Workshop/Seminar Series 2018

Scarborough  
**Rotary**

**Scarborough Rotary Club** in conjunction with **Walden Woods Leadership** presents  
**Monthly Interactive Workshops** designed to grow leadership and communication skills in professionals at all stages of their careers.

- **March 27 – Purpose Connector** – Leaders know how to connect to their unique passions and mission, so they can align their talent and strengths to help their organizations thrive. This workshop provides interactive exercises that will connect you with your purpose. Leaders that know why they are leading are more effective.
- **April 24 – Time and Productivity Tools** – This workshop examines 3 Skills, 3 Principles, 3 Techniques, and 3 Corollaries that impact your productivity and profitability. Walk away with increased focus and action plans to accomplish what you desire.
- **May 22 – Communication the Power of Expectations** – Workshop introduces a process to build trust and increase communication when working with clients, team members, staff, volunteers. Create a working social contract to build ever more powerful relationships with deep levels of trust.
- **June 19 – Processing to Achieve Success** – Workshop focus on how to foster and supply continuous feedback that will assist you as a leader in growing your relationships, personal development, and team productivity.
- **July 24 – Goal Setting and Achievement** – Workshop examines the difference between Achievement Goals and Habit Goals while teaching leaders how to tap into their intrinsic motivation to overcome obstacles.
- **August 28 – Mindset that can Enhance or Derail** – Workshop examines how a leader's individual mindset positively and negatively influences the interpersonal relationships. Mindset produces a direct correlation on productivity/profitability/motivation.
- **September 25 – Mission Central – Language Matters** – Workshop focuses on beliefs we hold, and how these beliefs influence actions while examining the language that helps to provide clarity surrounding beliefs. Gain clarity with the belief clarification exercises.
- **October 23 – Missing Link to Productivity and Profitability** – Workshop examines what is missing to achieving higher levels of productivity/profitability/effectiveness while allowing always expanding networks and prospects.
