

Where some of the funds raised by our club goes

We regularly contribute to Disaster Aid Australia by purchasing Family Survival Kits that provide emergency shelter and cooking facilities in such areas as the Philippines.

In the wake of Cyclone Pam in Vanuatu we contributed to a Sky-Hydrant which turns dirty water into portable drinking water using osmotic filters at the rate of 1700 litres/hour.

Our most recent contribution has been to assist with emergency care following the disaster in Fiji.

Our club has supported the eradication of Polio for the last 30 years through the efforts of Rotary International and its Rotary Foundation Fund. It has recently been joined by the Bill and Melinda Gates Foundation and other countries including Australia, which has pledged \$100 million.

Rotarians have helped immunize more than 2.5 billion children against polio in 122 countries and has reduced polio cases by 99.9 percent worldwide since the first project to vaccinate children in the Philippines in 1979.

And along the way we meet new friends and have a bit of fun

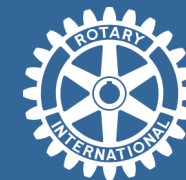

If you are interested in lending a hand in the community and making new friends along the way then come along to one of our Rotary meetings or check at our website:

www.moerotary.org

We meet every Monday night (excluding Public Holidays) at the Moe RSL at 6.30 pm

ROTARY CLUB OF MOE

Serving the Community

- ◇ City Beautification
- ◇ School awards
- ◇ Business Excellence Awards
- ◇ Rotary Youth Exchange Program
- ◇ International Service
- ◇ Polio Program

THIS IS ROTARY

VOCATIONAL AND YOUTH

Some of our Vocational projects are:.....

School Awards

Every year our club participates in the **Rotary Junior Community Awards** program with local primary schools. This program is offered to students in their final year of primary school and aims to assist students gain a more informed and balanced view of our community.

Our **Pride of Workmanship Awards** are held in early December every year. These awards are presented to students who have been identified by their teachers as being enthusiastic and task driven. Students, their family and teachers are invited to attend the presentation evening at Old Gippstown. Rotarians prepare and serve a BBQ tea to all attendees and during the evening each student is presented with a cheque for \$50 and a certificate.

Other programs sponsored by our Club

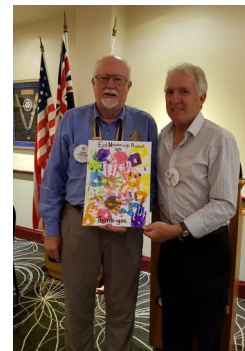

- ⇒ Model United Nations Assembly (MUNA)
- ⇒ Rotary Youth Program of Enrichment (RYPEN)
- ⇒ Rotary Youth Leadership Award (RYLA)

The above Rotary programs are weekend camps for secondary school students and sponsored by the Rotary Club of Moe.

COMMUNITY

Our efforts out in the community are varied—from donating time to raise funds for Rotary Centenary House, door knocking for the Good Friday appeal or to providing funds and volunteer labour to assist other community groups or individuals in need of assistance.

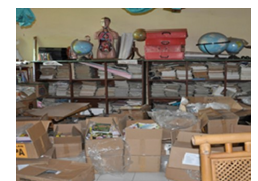

INTERNATIONAL PROJECT

Our aim for this project since 2009, has been to provide on-going help to the Indonesian village primary school of Banyuning in the District of Abang. Located on the north-east coast of the island of Bali, the area is renowned for its harsh climate, lack of water and extreme poverty. The school's official title is School No.3, Bunatan Banyuning, and although we always have a little difficulty communicating with the students, our message is clear, and the infectious smiles of the young students is heart-warming.

From the earliest visits, the visiting Rotarians have always had a specific goal in mind, so that our time spent in the school community is beneficial. Initially we provided gifts of books and stationery. After that first contact we were able to focus on specific needs of the community, so our role evolved into one which supported maintenance and hygiene

Projects as follows:

- 2010 Sporting equipment and new uniforms.
- 2011 More uniforms and white boards for the school.
- 2012 New Library, book shelves, Desks, New Sick Bay, Painting and fans for the class rooms.
- 2013 More school uniforms and 4 new toilets.
- 2014 Repaired and repainted the sick bay.
- 2015 New Uniforms and a medical kit for the sick bay.
- 2016 New toilets for the boys.

Our latest project was to install new toilets for boys
