## Todays Meeting - Rock Jones OWU Update

## Last Meeting - Exploring Research Tools

Brandon Feller convened the meeting with John Wayne, via Gary Mittendorf, leading the Club in the pledge. Hayes High School Librarian, Sarah Ressler was introduced to speak on research tools in today's library. This is Sarah's first year as Librarian after years as an English teacher. It should come as no surprise that the key to research at the Library involves use of the internet and multiple databases. What was surprising was the involvement of DCPL (Delaware County Public Library) in accessing those databases.

With your DCPL Library Card in hand, and literally hitting the "Research Button", Sarah gave 4 examples of research Data Bases in the following categories: 1). Small Business, 2). Health Questions, 3). General Research and 4). Personal Research. Valuable resources for these topics include the following research sites: "Demographics Now", "Gale Virtual Business Library", "Net Wellness", "A to Z Maps" and "NoveList Plus".

Sarah ended her enthusiastic presentation with an excellent short video from Yavapai Community College on, How Do You Search? A link to this video can be accessed off of the Club's web site. Thanks to all for an enlightening presentation. If you don't already have one, go get your Library Card!!!
