Pakistan scoring great gains despite challenges

"Pakistan this year has perhaps the best chance ever to achieve success, because tremendous new efforts are being undertaken, led by the government, in implementing a national polio emergency action plan that mobilized all government and civil society resources," says Robert S. Scott, chair of Rotary's International PolioPlus Committee, about progress in Pakistan. "There is strong evidence that implementation of the emergency plan is showing results, particularly in key reservoir areas such as Balochistan and Sindh."
