This Week's Program

" **Downloadables from the Estes Valley Library** " with Kathleen Kase and Mark Riffle

In 2012 the Estes Valley Library began its first digital lending program for library members, and since then Estes Park residents have "borrowed" hundreds of electronic books. In 2013 the library will continue to expand the number of available eBooks while adding two all new digital collections for library members. Learn about these two exciting new additions, when they will become available, and how we'll all learn to use them as we move into this age of digital libraries. Acquisitions Librarian Kathleen Kase and Technical Services Supervisor Mark Riffle will be joining us to describe these exciting new "downloadable" services

A representative from Representative **Jared Polis'** office attended the meeting in order to bring awareness about his district.

Currently there is \$140 in the winning pot!

Jeff Liddle – Director at Eagle Rock School was inducted as a new member. **Karen McClure** serves as his sponsor. Blue badge recipients included **Sue Fereday** and **Julia Daley**. Both provided their bios at today's meeting which was their last requirement to fulfill the blue badge requirements.

Happy money included: **Lori Gaglio** who was happy that her son had art work displayed at his very first showing at the Art Council; **Bruce Carmichael** was happy that he had been to Dallas to see his six month old grandson and that the golf committee had selected the date for the golf tournament which will be held on June 14, 2013; **Julia Daley** was happy that she had returned from a much needed vacation to Mexico and that she celebrated her first real estate closing on January 14th; **Harry Hutcherson** was happy that the collection of recycle Rotary magazines had been such a success.

Pete Sinnott introduced today's guest speaker - **Brian Werner**, who is the Public Information officer for the Northern Colorado Water Conservancy District in Berthoud. The presentation, "All Things Water", provided an overview of current water issues in Colorado and particularly the northeastern portion of the state. Northern Water Conservancy's service area includes Estes Park. Discussion also included the current status of two proposed water projects – the Windy Gap Firming Project and the Northern Integrated Supply Project – and how close they are to being constructed.
