Michael Grant, MD, will return to the Rotary Club of Estes Park on Thursday, June 15, to present a program on a recent trip to Nicaragua. Partially funded with a grant from our club, Dr. Grant's work in Nicaragua is through the non-profit St. James Orthopaedic Mission. Participants provide medical services to the poor.

residency at Fitzsimmons Army Medical Center. Additionally, he spent 9 years in a variety of roles for the United States Army; one year of internship, two years as a flight surgeon, and two years as an orthopedic surgeon. Dr. Grant is board certified by the American Board of Orthopaedic Surgeons.

Dr. Grant's passion is to provide care for the less fortunate. He became involved with the St. James Orthopaedic Mission, a medical mission group comprised of various medical professionals and other volunteers who typically embark on one medical mission trip per year. The group has been participating in these trips for 10 years. Each volunteer pays his or her own way; air fare, etc. As a non-profit, their only source of income is through fundraisers and donations. St. James Orthopaedic Mission received a \$1,500 grant from the Rotary Club of Estes Park.

Rotary Quote of the Week

"The Rotary Foundation ranked third in CNBC's annual list of 'Top 10 Charities Changing the World.' ... The Foundation was noted for connecting 1.2 million members from more than 200 geographic areas to tackle to world's most pressing humanitarian challenges, including projects that focus on disease prevention, water and sanitation, and maternal and child health. The ranking also recognized Rotary's role in the effort to eradicate polio."
