

2023 Matching Grants Application Estes Valley Sunrise Rotary

Overview:

- Recognizing that Sunrise Rotarians support various local nonprofits, the Matching Grants Program doubles a member's donation up to \$200. If a club member gives \$200, EVSR will match that \$200 and the nonprofit will receive \$400.
- Eligible local nonprofits must be registered with the Estes Park Nonprofit Resource Center (EPNRC). Certain international nonprofits will be allowed: Rotary Charities, YMCA, and Salvation Army.
- Members can apply for a matching donation up until March 31st, 2023.
- Applications must include checks made payable to the designated nonprofit.
- Contributions to Rotary International Foundation can be made by check or if the member is making monthly contributions, the club will match up to \$200 for the total contributed for the prior calendar year. The member must provide documentation of the monthly payments or contribution.
- The matching donation limit is \$200 per member, per year. Contributions can be made to more than one organization within that limit.
- EVSR will provide a maximum of \$5,000 in matching funds across the membership. Applications from members will not be considered after the \$5,000 limit is met.
- Please submit this application to the Grant Chairperson, Niki Gassmann or mail it to P.O. Box 4261, Estes Park, CO. 80517. Your check, the matching check from EVSR, and a letter identifying you as the primary donor will be mailed to the organization. You will be notified when the checks are mailed to your charity.
