Complete details of the grant program, eligibility criteria, application requirements, grant categories, submission instructions, and submission dates for each category may be found at <http://rotarycluboffortcollins.org/Page/community-grants>. The Community Grants Committee will favor innovative projects that address local needs and contain an active volunteer service opportunity for RCFC members. Please provide detailed information about any volunteer activities related to your grant application project so that we may consider the recruitment of Rotary Club of Fort Collins members as volunteers. Grants may be used for special projects or services that include capital items. Published materials related to a grant award project (magazines, flyers, brochures, booklets, etc.) should be imprinted with the Rotary International Gear Symbol logo and should acknowledge support from the Rotary Club of Fort Collins. Organizations receiving grant awards will be asked to submit a grant award project report six months after the grant award. The Community Grants Committee will evaluate all grant applications received by the deadline below and then will approve grants to be funded.
