Jim Epstein (Is it Kind?): President Jim challenged us, for the next week, to do a *random act of kindness* for someone in our immediate family. Can't we all do that?

Jerry Westbrook (Rotary's Impact): To help show the huge economic impact our Loveland Rotary Club makes in our community, Jerry explained that based on the current dollar value of an hour of volunteer work (\$31.51), the 233,334 hours of work done by *KidsPak* volunteers since 2009 (as recently reported by **Tom Carrigan**) roughly equates to a \$ 7,352,000 economic impact to Loveland. Is that exciting or what?

Carol Stark (Dress It Up!): Since Halloween, Oct 31, is a regularly scheduled club meeting date, Fellowship Committee invites all of us to wear something festive for the occasion - anything from pumpkin earrings or a simple mask or T-shirt to a full-blown costume. Boo!

LAST WEEK'S PROGRAM

Jerry Stooksbury, Citizen Member of the Board of Commissioners for Northern Colorado Regional Airport (code name FNL), presented a great overview of the status of the new airport. Highlights included these:

- The 19,400 sq ft terminal is designed for jet passenger service, with amenities like a modern TSA security checkpoint, and enhanced accessibility and baggage handling systems.
- Funding includes \$16M from fed gov (CARES Act) and \$1M each from Fort Collins and Loveland.
- Construction is expected to be complete by Q4 2024.
- The next gen remote/virtual air traffic control system (currently an FAA test bed) will share control with the traditional tower-based system.
