Charlie Bouchard (Student Exchange) Enrich your life by being the third host family needed (for later in the school year) for our young man, Karl, from Germany. Please contact me if you are interested.

Dave Mills (Literacy) Update on Fall 2022 Projects: A new check from our club for $45,000 (part of a total budget of $70,000) is about to be delivered to the Thompson School District to help fund the following projects that TSD kids are very enthusiastic about:

1. Purchases of $7 books each month for 1st and 2nd grade students in 10 different low income area schools (to encourage these kids to take their books home, read with parents, and build personal libraries)

2. Continuing funding for more Innovation Labs - both a Fabrication Lab and a Multimedia Module (for kids to learn video and podcast production)

LAST WEEK’S PROGRAM

A very entertaining presentation by this year’s Exchange Student Karl included these highlights:

- Karl was modest about his aristocratic background; his family lives in a castle in a rural area of western Germany within a 3-hour drive from the city of Cologne.
- He started learning English in 1st grade!
- Germany boasts an eating (and drinking) culture, with over 1,000 types of sausage, 3,000 types of bread, and over 6,000 companies making beer.
- He admits Germans tend to be more stoic and reserved than Americans; he confesses he is a little too extroverted himself to really be a true German!
- He chose Rotary’s exchange program partly because it allows one to live with at least two families, thereby showing you the diversity of people in a country.
