Virtual-only Meetings

Due to a Larimer County Public Health Order still in force, we are Zoom-only for the time being. Stay tuned for future resumption of hybrid meetings.

ANNOUNCEMENTS

Jerry Westbrook (100 years and Counting):

A look back at the history of RI presidents reveals... Paul Harris, Rotary's founder, was the first (1910-11, 1911-12), and since then, there have been 108 of them; 62 were from the U.S., and the rest spanned the globe from Canada to Thailand, and from Switzerland to Brazil. The Loveland Rotary Club has had 104 presidents, 26 of which (25%) are still club members to this day!

Dick Bradsby (KidsPak Update): We're still delivering more than 375 food bags each week, on Wednesdays, to most schools, and on Fridays, for kids not in school.

PROGRAM

Our *Veterans Day Program* consisted of a talk by Lieutenant Colonel Matt Tilman (Professor of Military Science & Commander of the Army ROTC, CSU) that focused on an inspirational story of just one example of our U.S. military's heroic response to a threat to our country — the coronavirus pandemic — unlike any our service men and women are typically trained to fight. Highlights of Lt. Col. Tilman's remarks included these:

- Our soldiers take an oath of enlistment, first and foremost, to "support and defend the Constitution of the United States" on behalf of all of us.
- An Army force out of Fort Carson was tasked, in early March 2020, with deploying a combat support hospital (designed to serve wounded soldiers in the field) inside of the CenturyLink Convention Center, in Seattle, to serve ICU patients suffering with COVID during the first surge of the virus.
- This amazing team of men and women in uniform constructed a fully functional, 250-bed hospital — complete with newly plumbed sewer and water lines on the floor of the facility — in only 10 days.
- When advised by officials that the hospital wasn't needed after all (due to the success of the state's COVID response), the entire Army hospital was dismantled in 3 days, and readied for new service.
- More such young heroes are needed so that our military can continue its fine history of service!
