LAST WEEK'S PROGRAM

Jeff Feneis, Executive Director of Loveland Housing Authority (LHA), presented his update on the many innovative projects. Highlights included the following:

- The issue of affordable housing has changed from being a social issue to being an economic necessity.
- In recent years, 4,000 homes have disappeared from the "affordable housing" category due to property appreciation.
- At any given time, there are as many as 3,500 households on the "waitlist" for affordable housing. These include the elderly, disabled persons, and families with children. 73% self-declare female head of hshld.
- LHA aims to be an asset to the Loveland community and not just an asset to the residents they serve.
- LHA is not only involved in providing affordable rental housing, but also permanent supportive housing and pathways to affordable home ownership.
