

## THE FOUR-WAY TEST

- 1 Is it the TRUTH?
  - 2 Is it FAIR to all concerned?
  - 3 Will it build GOOD WILL & BETTER FRIENDSHIPS?
  - 4 Will it be BENEFICIAL to all concerned?
- (And... Is it FUN and SAFE?)

**John Stewart  
(1945-2021)**

*Jan. 30, 2021, 9:32 AM  
Loveland Rotarians,  
President Brian and I, with  
heavy hearts, are saddened  
to inform you that our be-  
loved fellow Rotarian and  
Past-President, John Stewart,  
passed away last night.  
~J. Kindschy, Club Secretary*

**Hybrid Meetings**

As approved by Board, the club will resume hybrid meetings when Larimer County COVID-19 status changes to Yellow.

**ANNOUNCEMENTS**

**Brian Nienhaus (Remembrances):** During the first two meetings in February, and again in March, John Turnage will present eulogies for Loveland Rotarians we've lost in the recent past.

**Tom Carrigan (KidsPak):** KidsPak needs to soon move from the Food Bank and expand its physical space (5,000 to 8,000 sq ft with 15 foot ceilings and a loading dock). If you know of available space or potential partners, please notify Pres. Brian or Tom. Colorado's hunger program just awarded \$15,000 to KidsPak!

**Jerry Westbrook (100 Yrs & Counting):** Jerry continued - from two weeks ago - with more Loveland landmarks named for Rotarians:

- B.F. Kitchen Elementary School • Laurene Edmondson Park & Elementary School • Turner Middle School
- Norma & Lynn Hammond Amphitheater • Loveland Public Library's Erion Room • MCR's Helen & Ken Erion Courtyard • Ray Patterson Field (Thompson Valley H.S.) • Morey Wildlife Reserve & Lone Tree School
- Loveland Public Library's Small Business Center

**PROGRAM**

The presentation on "Safe Water" by Roger Cabbage, Founder of Global Access 2030, included the following highlights:

- Globally, the lack of safe drinking water is a desperate situation: 1,000 children die every day from contaminated water (WHO).
- Mission of GA2030: To ensure people worldwide have access to safe and affordable drinking water in support of UN sustainable development goal 6.1.
- GA2030 is a 501(c)3 founded in 2017 by Roger Cabbage; he never set out to develop a water filtration system, but that need soon became evident.
- The GA2030 filter is simple to explain, simple to assemble, and simple to maintain; this is why more than 700 people in Peru's Amazon region (who live on \$2 per week) have already benefitted: 100% of users report no more water-caused health issues!
- The GA2030 Team - including Boulder Flatirons Rotary Club - is looking for partnering clubs, and is pursuing a global grant, in an effort to scale up the program for 9,000 more people in Amazon villages.
