

THE FOUR-WAY TEST

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOOD WILL and BETTER FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?
- Is it fun?

ANNOUNCEMENTS

Dick Schilling announced that the famous gypsy guitarist, Rene Heredia, and flamenco dancer La Diana will entertain the club on February 11th with romantic music celebrating Valentine's Day. **John Moore** reminded members to RSVP for Valentines Lunch on February 11th. **Dixie Schmatz** announced that the satellite clubs of Berthoud and Loveland are having a joint meeting in 2 weeks everyone is invited but please RSVP. **Ron Weinberg** is on COL Planning Commission and there is a new nuisance ordinance that he strongly suggests needs public review. **Dwight Brummet** asked the club members if anyone is interested in other roles on the board, the current board will help training members who would like to fill in.

DARRELL BRUBAKER EULOGY

Rich Ball remembered **Darrell** who passed away on Saturday at the age of 91. The club will miss him and his sense of humor and baseball stories. Darrell is the only member who served twice as president of this club. He was born in Carson, IA in 1929, and is survived by a son and 2 daughters. After Darrell and his family moved to Colorado, he was a milkman for a few years then sold insurance, and became president of a bank and had a long tenure as a banker. He also coached little league and baseball and loved to play poker. His services are next Thursday at the FUMC at 2pm.

GRANTS COMMITTEE

Ron Schlattman talked to the club about the grants committee's work in 2019. For the last year the committee has been working to use the money to represent service above self. The committee awarded \$34,677 in scholarship money for local and international projects. Grant funding for 2020 is similar.

PROGRAM

Dwight Brummet introduced Dr. Branko Kosevic who is the director of weather systems and assement programs and the research applications laboratory of NCAR (National Center for Atomospheric Research) and works at the Foothills Lab with Dwight's son. NCAR is a federally funded research and development center who's purpose is to understand the behavior of the atmosphere and related systems.
