**Bill Eads (Unusual 1st Week in College!):** Bill unexpectedly was one of only 400 freshman students who heard one of JFK's most famous speeches at the Rice University stadium (Houston).

"We shall send to the moon, 240,000 miles away from the control station in Houston, a giant rocket more than 300 feet tall, on an untried mission, to an unknown celestial body, and then return it safely to earth. And it will be done before the end of this decade...We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard, because that goal will serve to organize and measure the best of our energies and skills, because that challenge is one that we are willing to accept, one we are unwilling to postpone, and one which we intend to win." JFK September 12, 1962

## PROGRAM

Alexa Oliva, founder of *Motivational Missions*, spoke to the club (live from Miami, Florida) about the global epidemic of human trafficking, of which the majority of victims are children ages 12-14.

A few highlights: • This nonprofit (501 c3) mobilizes its trained/certified members to help communities grapple with the global social issues of bullying, sexual assault, and human trafficking. • They do their work - educating, empowering, and motivating the young adults of the world - through presentations, assemblies, seminars, and online campaigns. • Their hotline - 888-373-7888 (text the word "SAFE") - is for those in crisis.
