Rotarian portion (\$12) won by **Don Wells**

Being Kind to Others is Being Kind to Yourself

1. Gives a natural high
2. Lowers blood pressure
3. Slows aging
4. Improves relationships
5. It's contagious!
6. Supports your immune system
7. Releases “feel good” hormones
8. Supports mental health
9. Eases anxiety
10. Reduces stress

ANNOUNCEMENTS

Don Rangel (*Four-Way Test Program*): Don shared some poignant comments from Peakview Academy students who participated in our Four-Way Test facilitated sessions: • *What I liked best about this was the teamwork and the friends we made.* • *I liked using the Four-Way Test to problem solve.* • *I liked solving problems and might think more when I make decisions.*

John Turnage (*Mexico Trip*): The dates for the water filter service project in Tehuacán are April 22 through May 1-2. We need a storage room/facility for some of the 2,500 filters we will eventually use (we're only taking 1,000 to start with). Please let John know if you can help in this regard. Also, if you think you might still be interested in going on the trip, let John know as there may be some funding for your airline ticket.

Pat Williams (*Did You Know?*): Were you able to guess who this was?

When doing some teaching in Mexico (Yucatan), I got totally lost in the desert and thought I was going to die!

Jordan Clegg (*Thumbnail*): A new member (organizational member), Jordan treated us to the story of his life. Highlights: • Jordan is originally from western Michigan, where he lived most of his life before moving to Colo. (which he now really loves). • He started out his adult life as a pastor (with a degree in worship music). • He's started a new career in nonprofit administration, at *Habitat for Humanity*. • He's grateful to be a multiple sclerosis survivor, while his wife is a non-Hodgkin's lymphoma survivor. Welcome, Jordan!

LAST WEEK'S PROGRAM

Dave Mills delivered a comprehensive talk on the future of electric vehicles (EVs). Rotarians were also able to get a first-hand look at a sample EV - the Ford Mustang Mach-E - courtesy of Loveland Ford. Dave

WHAT DOES THE FUTURE HOLD FOR EVS

addressed many new EV buyers' concerns including car price, battery range, battery charge time, battery life, charging station availability, and some environmental and social justice concerns with EV manufacturing.
