

THE FOUR WAY TEST

- 1 Is it the TRUTH?
- 2 Is it FAIR to all concerned?
- 3 Will it build GOOD WILL & BETTER FRIENDSHIPS?
- 4 Will it be BENEFICIAL to all concerned?

Gary Camp (Keyboard)
"You're A Grand Old Flag" &
"Don't Think Twice, It's Alright"

Inspiration

George Stevens

Wilma Rudolph

Born prematurely on June 23, 1940, the 20th of 22 children, Rudolph went on to become a world famous athlete. The road to victory was not an easy one. Although stricken with double pneumonia, scarlet fever, and polio as a child, through her drive and determination she became an Olympic champion.

The 2024 Governor's Art Show & Sale

The 33rd Governor's Art Show & Sale is May 11 to June 9, 2024, at Loveland Museum. The Gala for sponsors (tickets can also be purchased online for \$75) will be held May 10. Come enjoy, support the arts in Loveland!

ANNOUNCEMENTS

Mike Trembley (*Thumbnail*): One of our newest Loveland Rotarians graciously shared the 3-minute story of his life. Here are just some highlights: • He was born in Louisville, Kentucky, and while still a baby, the family moved to Illinois, where he grew up and went to college. • At an early age, Mike fell in love with trains and loved to build things. • He got a college degree in electrical engineering and computer science. • During his career, he's retired twice! - first from HP (28 years), and then from working on space programs at Ball Aerospace (17 years). • He enjoys new technology, gardening, bicycling, and getting involved with environmental issues. • Mike and his wife Olivia have 4 children and 3 grandchildren. Welcome to our club, Mike!

Diane Lapierre (*New Member Inductions*): Two other new club members were officially inducted by Diane, on behalf of the Membership Committee.

New Loveland Rotarians Inducted April 23, 2024

Please welcome these newest members of the world's oldest and largest service club!

LAST WEEK'S PROGRAM

Author Tim Jackson, who's spent decades in the automotive industry, took us on a fascinating journey into the past, present, and incredible future of America's personal mobility - from bicycles (precursors of cars) to drones (precursors of flying cars) to the newest vertical *takeoff and landing* vehicles VTOLs and eVTOLs. Tim made an excellent case for his conviction that the latest innovations will reshape our world.

WHERE'S MY FLYING CAR
TIM JACKSON
