THE FOUR-WAY TEST
- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOOD WILL and BETTER FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?
- Is it fun?

June 21—Carol Stark-Sorg

Anniversaries
June 17—Carole & Dick Barton
Dona & Chris White
June 20—Claudia & Jim Welker
June 22—Kitty & Ted Nutting
**ANNOUNCEMENTS**

Carol Stark-Sorg announced our club is on track to meet President Dwight’s goals for the year although we still need 2 benefactors. Dwight Brummet asked the club to discuss what meetings look like when we can meet back in person again. Jon Kindschy posted a set of questions for discussion and did an online poll for the club. Majority from the poll favored a hybrid version of meeting in person (following guidelines) plus a Zoom call for members who are not comfortable or able to meet in person. Julie Johnson-Haffner asked members to please read the latest message from the Foundation, it will have the latest numbers, the address to mail in donations and the link to the application. Please feel free to share the application with nonprofit groups working with the community for Covid-19 relief. The current total from Rotarians is $20,260 and that amount has been matched dollar for dollar from the foundation so they still have $23,000 to grant. The Foundation is still taking donations and matching funds to help support the community.

**PROGRAM**

Dwight Brummet introduced Mark Anderson who talked to the club about highlights from the his last Veterinary Outreach Program to Guatemala in January 2020. The trip was hosted in part by Rotary and with the help of the Loveland Rotary Foundation and the District 5440 grants. The mission is to go to Guatemala and help with working horses in rural areas – area between Belize, Mexico and Honduras. These horses are essential for transportation, moving ag products to market and taking care of cattle. The outreach program works with Central American veterinary students to help them with hands on experience and provide an opportunity for students in the region. The team provides all veterinary care for these horses who are often in bad physical condition since there is no veterinary care for this region.
