PROGRAM

Norm Rehme and Charlie

Bouchard brought news about an exciting opportunity for Loveland Rotary Club. Highlights included these:

- Built in 1939, as a WPA project. the 23,000 sq ft landmark will soon, once again, provide a wonderful venue for events of all kinds, large and small.
- Sometime in late 2023, it is expected to reopen - with improvements such as an elevator, new utility lines, and two new egress towers.
- Creative fundraising involving LRC Foundation and City of Loveland will enable us to meet there - rent-free - for 15 years, while we reimburse our Foundation for their sizable donation to the project.
