## **ANNOUNCEMENTS**

The man who moves a mountain begins by carrying away small stones.

~ Confucius

Confucius was a Chinese philosopher who lived more than 2,500 years ago. Yet despite the wide gap of time between his life and ours, he is still famous today for his wise teachings and philosophy. While Confucius' political and cultural influence is hard to overstate, his beginnings were meager. This only further proves the point of the above quote, which reminds us that great movements often start with small steps.

### **Note from the Co-Presidents**

The "mountains" that the Loveland Rotary Club face are the fundraising projects we conduct to raise money for our many projects. Literacy, scholarships, water and dental projects are just a few of the things we have funded during the course of a year. The fundraising takes a lot of time, energy, and planning. It should not be up to a handful of people to do all the work. If each member of our club would devote at least an hour to volunteering to help with these projects, the "carrying away of small stones" would amount to a world of difference. Find a friend with whom to sign up at the Corn Roast Festival booth. You don't have to be a "salesperson" to say, "would you like a chance to win \$1,000?" Take that first step to get out there and support **your** club!

~ Gail and Nicole  
Loveland Rotary Club Co-Presidents

**Co-Pres. Nicole (New Widows Group):** Joining us will be a new group of widows of Rotarians. They are calling their group *Rotary Ann*. They plan to meet monthly, attend club lunch/meetings, and volunteer for committees that interest them.

Welcome Rotary Ann members! We are so happy to have you among us, and we look forward to meeting you and reestablishing old ties.
