INSPIRATION

Doug Mannering introduced a video of a former exchange student from Australia in 2000-2001, Paul Waldron, who is now a high school Chemistry Teacher and is a Rotary ambassador and an ambassador for peace. Doug spoke of the great benefits of our Rotary Youth Exchange program, using Paul as an example.

ANNOUNCEMENTS

Carol Stark presented an honorary Paul Harris Fellowship certificate to Yvonne Pedersen for her outstanding work with our anniversary celebration earlier this year. Yvonne then commented on the great support for this celebration by our club. Congratulations, Yvonne!

Mary Gullikson introduced Kara Pappas, the Executive Director of the McKee Wellness Foundation. Kara told of Gala Event celebrating 40 years of the McKee Wellness Foundation in Loveland. It will occur on October 1 in Berthoud, with proceeds going to mental health improvement. You may sign up at the website: GalaForWellness.com.

Charlie Bouchard and Gary Small reported that the club is still in need of one exchange student host family for this school year, and that we will continue to hear this message until that host family is found. For information on this opportunity, please contact Gary.

Chris White introduced the Duck Race Committee and then announced the top winners of the duck race, introducing satellite club member Chris Johnston, who represents the charity *Coats and Boots*, which received the \$1,000 first prize as a gift from the anonymous donor who won that prize. A picture was then taken of all Rotarians who took part in the Duck Race while Charlie Bouchard received a \$28,000 check to the club foundation from duck race proceeds!

PROGRAM

Irv Johnson introduced Jack Hill, the Business Development Specialist with the city of Loveland. Jack's program was titled "Making it in Loveland: Manufacturers in Your Backyard". The city's goal in business development is to grow employment and business opportunities to sustain economic health. Jack listed Loveland's top manufacturers as well as several new manufacturers here, who will hopefully help sustain Loveland's growth in the manufacturing sector. Thanks to Jack for the presentation!
