PROGRAM: **Rick Parker** talked about how the Duck Race is one of two major fundraisers during the year that benefits the teachers and students in the school district. Jodi Paul, a teacher at B.F. Kitchen, talked about the impact that the Chromebooks have had on literacy at her school. The school is able to do all testing for the year on Chromebooks. The computers also help with keyboarding, motivation, engagement and writing skills. The school is able to help close gaps in reading as well. Jodi introduced two students, Reagan and Taylor, who talked about the students perspective of their Chromebooks. Taylor is a 5th grader who used the computer to research and make presentations and she enjoys the iReady Lessons. Taylor also likes that Google classroom helps students organize and get work to their teachers. The Chromebooks help “make their school an awesome place.” **Rick Parker** spoke about how Duck Race funds help purchase Chromebooks for elementary students, scholarships for high school students and many other projects. **A big thank you to all of the sponsors and club members!** Thanks to you, the club raised over \$50,000 and received over \$6000 in kind contributions. **Rick** introduced **Lynn Matson** who thanked his wife and the many sponsors who have donated for the last 12 years for all of their support. **Lynn** passed the Duck Race key to **Rick Parker** who will be taking over Lynn’s duties with the committee. **John Stewart**, who chairs the committee, joined eleven years ago and has watched the race grow and become more successful thanks to **Lynn Matson’s** hard work and support. **Lynn** has served the club in many different ways and exemplifies service above self. The Duck Race Committee honored **Lynn** for his many years of service by awarding him his doctorate of the duck race, a gift certificate and the Golden Duck Award. **Thank you Lynn!**
