How to Save Money on your Energy Bill

Yvonne K. Lewis is a Residential Energy Efficiency Senior Program Manager II with Consumers Energy.

Yvonne owned and operated a residential building company for 20 years before entering the energy field in 2004.

Yvonne became a State of Michigan weatherization auditor and Building Performance Analyst and performed energy audits on income-qualified homes for local community action agencies. Her diverse background in building science, energy efficiency, program implementation and management provide vast knowledge to the EWR programs.

Yvonne is the sister-in-law of James Lewis, who is hosting her.
