

## BURKBURNETT ROTARY CLUB *About our club*

### WHEN WERE WE CHARTED?

Our club was founded in 1922.

### CLOSE AND ACTIVE

We are a very close knit and active club, not only in terms of our projects but also in our involvement with community. We are extremely proud of our accomplishments and programs.

### FLAGS

Our primary fundraiser is to place American flags in various neighborhoods throughout the city six times a year, this provides funds for our projects and programs. Involvement of our members is vital to the success of this project.

### WHY RAISE FUNDS?

We use this money to support numerous local community organizations like the Boys and Girls Club, Grace Ministries, Relay For Life and Boy Scouts and Girl Scouts. We also support Burkburnett's youth through scholarships, speech contests and annual dictionary project.

### BLOOD DRIVES

We also support Yellow Rose Sertoma by co-hosting blood drives in Burkburnett.

### INVOLVEMENT ABOVE CLUB LEVEL

Opportunities at district and international events are available to members; this helps energize the club and provides new ideas for programs and activities.

## **MEETING TIME & LOCATION**

We meet every Tuesday at Noon @ the Burkburnett ISD/Vernon Culinary Arts Center, 301 West Third Street in Downtown Burkburnett. Lunch is from 12:00 - 12:15 followed by club business and a program. The programs are informational and are intended to enlighten Rotarians on issues and programs relative to our city and state. We adjourn at 1:00 PM.

## **ATTENDANCE**

Rotary, and our club encourage 100% attendance. Missed meetings can be made up at other clubs on Rotary E-Meetings. This is also a good way to meet other Rotarians and see what these clubs are doing. Participation in any club activities or projects also counts as makeup.

## **Rotary Foundation**

Members are strongly encouraged to support the Rotary Foundation through the *Every Rotarian Every Year (EREY)* campaign, which supports our club goal of 100% participation. Funds that support the Rotary Foundation come back to the club in the way of district grants to support our community improvements.
