BOARD MEETING

All Directors to report on the night

Shamis Law "Various"

Last week we were delighted to hear from Shamis Law, who works as a Ranger in East Gippsland, responsible for Community Engagement.

His role as a Ranger working all across East Gippsland involves Education and Park Management

1. Engage with Education providers to facilitate students giving back to the management of National Parks
2. Undertake a fire and emergency management role
3. Worked in the Outdoor Education and Residential Boarding school sector for 15 years, I see great benefit in these types of programs
4. Facilitating Health Parks Health People initiative with community groups, welfare organisations and the elderly
5. Emerging Park issues – Pigs and Deer
6. Benefits around protecting Indigenous Heritage.

Shamis' main focus was that - 60% of the Parks Victoria budget is spent on repair of criminal damage to Parks infrastructure and facilities created by the public.

His motivation was to use education as the preventor of such outcomes because we are so ignorant of what is so beautiful around us. To this end the focus on young people gaining a Park experience was a big goal in his life and the programs now are remarkable for not only private schools, like Timbertop for the Royals but for public schools with programs in Marlow Alpine, Conran and Longeranon.
