

# The Rotary Club of Lakes Entrance

## What is Rotary?

Rotary is a global network of active community volunteers. There are more than 1.2 million men and women who belong to 35,000 Rotary Clubs in over 220 countries.

## What do members of Rotary actually do?

Members meet regularly to plan and implement local community service activities. For those interested, members can also choose to become involved in international humanitarian service efforts. Belonging to a Rotary Club provides members with a wonderful opportunity to contribute to their own communities and to communities around the world. Members may join Rotary for many reasons including community involvement, personal development, networking, and camaraderie with fellow members. But perhaps the most important benefit to members is the satisfaction gained from making a real difference in the world.

## What happens at a typical Rotary meeting?

Throughout the year clubs meet to plan and carry out community projects, hear from guest speakers and organise social and community events. These events raise money to support worthwhile causes both in Australia and overseas; for example, Rotary funds disaster relief, humanitarian aid and is at the forefront of the worldwide challenge to eradicate polio and malaria.

## What makes Lakes Entrance Rotary special?

The Rotary Club of Lakes Entrance is an active, fun-loving and very social club with male and female members of all ages. It raises over \$30,000 a year to support a variety of causes locally, nationally and internationally.

Members meet twice a month at 6:00pm on alternate Wednesdays in the Function area of the Central Hotel, The Esplanade, Lakes Entrance. You are invited to phone the President (0418 117 998) for more details or visit the Club website.

Visitors are always welcome.
