Please consider the Suburban Rotary Club Charitable Foundation for your charitable contributions. Please help us remove the financial barriers that prevent high school seniors with special needs such as blindness, deafness, and paralysis from continuing their education. Since 1978, 500 scholarships have been granted to local students.

Not only will your contribution help many deserving young people pursue their dream of a college education; your participation will provide you with recognition as your dollars count toward established levels of giving. Donations, memorials, and raffle tickets all count toward established levels of giving. We would like to recognize you at our club when you reach one of these levels.
