*We're dark on Nov. 24
for Thanksgiving*

Our Dec. 1 meeting will be at the Career Technical Education Center, 7301 Old River Road. We'll check out the facility and meet with instructor Mike Russo's students. This is what Mike had to say about our meeting, "I think it would be great for the students to learn about Rotary firsthand, amazing for them to dress up and practice business networking, and perfect for Rotarians to be able to experience Gen Z on a more personable level."

Not really our house

We'll end 2021 with a Party at the Paggi's (2618 20th Street).

We are dark on Dec. 22 and 29 for the holidays.

Our Dec. 15 meeting will consist of wagon rides through Westchester to view fabulous displays of Christmas lights, being serenaded by carolers, hot chocolate (with a nip of Bailey's for those who like that sort of thing), s'mores, and more.

This is a family affair and, of course, ugly Christmas sweaters are de rigueur.
