Brandon Robertson—Town Manager

There is a lot going on in Avon! The Town Manager will provide an update on projects, developments, services and activities.

Sept 13, 2024

Shifting Demographics: “The Case for Embracing Mature Workers” (Robin Clare)

Amidst significant demographic shifts, embracing mature talent emerges as a strategic imperative. With labor force participation rates for those aged 65-69 projected to surge to 36% by 2024 and a remarkable 96.5% increase forecasted for those over 75 by 2030, the narrative around mature talent takes center stage. *Mature workers offer invaluable qualities like*

commitment, knowledge, wisdom, and patience, despite their unique work-life balance needs. The Seniors Job Bank of Greater Hartford has supported mature workers since 1974, witnessing their increasing sophistication and tenacity. Robin Clare, Executive Director of SJB, will discuss the advantages of hiring mature workers in the Avon/Canton area, rethinking benefits packages, and preparing for the senior workforce surge.

Sept 20, 2024

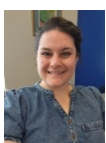

Terri Wilson—Avon Historical Society

"Hear about the new Avon History Museum on Route 44 in the former Schoolhouse No. 3. Town of Avon’s oldest owned structure, originally built in 1823. The building has been renovated and will open in 2025 as a museum of Avon’s history."

This meeting held in the FAVARH Education Center at 225 Commerce Drive in Canton

Sept 27, 2024

Chelsey Logan— Volunteer and Outreach Manager.
