The Object of Rotary

THE OBJECT of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular to encourage and foster.

FIRST The development and acquaintance as an opportunity for service.

SECOND High ethical standards in business and professions, the recognition of the worthiness of all useful occupations and the dignifying of each Rotarian’s occupations as an opportunity to serve society.

THIRD The application of the ideal of service in each Rotarian’s personal, business and community life.

FOURTH The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service.

The 4-way Test

OF THE THINGS we think, say or do:
1) Is it the TRUTH?
2) Is it FAIR to all the concerned?
3) Will it build GOODWILL and BETTER FRIENDSHIPS?
4) Will it be BENEFICIAL to all concerned?

The Grace

For what we have received and are about to receive, may the good Lord make us truly thankful and ever mindful of the needs of others. Amen.

Message from the Immediate Past Rotary International President

For 60 years, choosing a theme has been the privilege, and sometimes the challenge of each incoming President. Looking back to those past themes, opens a small window into the thinking and the vision of each leader—how they saw Rotary, the place they saw for Rotary in the World, and what they hoped Rotary would achieve.

When my turn came to choose a theme, I did not hesitate. I know immediately that our theme in 2017-2018 would be Rotary: Making a Difference. For me that small phrase describes not only what we do now, but what we aspire to do. We want to make a difference. We strive to help, to have an impact, to make the world a bit better.

Over the past two years, I have seen so many ways that Rotary is doing just that. In California, after the devastating wildfires last year, I saw Rotarians Making a Difference to those who had lost everything. In Guatemala, I saw the difference that simple wood stoves are making in the lives of women who had been cooking on open fires. They no longer breathe spoke when they cook, they spend less time gathering firewood, and they are using their stoves to start small business.

In Israel, I visited a Rotary-supported hyperbaric center that is helping brain injury and stroke patients return to healthy, productive lives.

In communities around the world, Rotarians are Making a Difference by resettling refugees, immunizing children, ensuring a safe blood supply, and helping young people learn and thrive.

All over the world, I have been a part of Rotarians’ Commitment to planting trees. As this issue of the Rotarians goes to press, we still awaiting the final count of trees planted, but I am delighted to announce that we have already surpassed our original goal of 1.2 million trees, one new tree per Rotarian. And all over the world, Rotary is continuing its advocacy, fundraising and support for the polio eradication. Last year, wild polio virus caused only 22 cases of paralysis in only two countries. I am confident that soon that number will be zero and will begin a new phase in the timeline of eradication: counting down at least three years from the last sign of wild virus to the certification of a polio free world.

As Juliet and I return home to Australia, we will bring warm memories of the places we have visited, the friends we have made, and the service we have seen. Thank you, all of you, for the tremendous work you are doing through Rotary: Making a Difference.
Message from the Rotary International President 2018 - 2019

S
ince Rotary was founded 113 years ago, its role in the world and in the lives of its members has been in a state of continuous evolution. In its earliest days, Rotary offered its members a way to find fellowship and friendship and to build connections within their communities. Soon after, service found a place in Rotary, and as our organization expanded, so did its influence.

In time, Rotary's service, supported by our Rotary Foundation, would change the lives of families and communities across the world. We formed partnerships and focused our service to increase our impact. We launched the world's largest public-private health initiative, partnering with governments, international organizations, and countless local and regional health agencies to eradicate polio. More and more, our members came to us seeking not just friendship but a way to take action for good.

Rotary still is, and always will be, the organization Paul Harris envisioned: a place where people from every corner of the earth can come together to become something greater than themselves. Yet Rotary today offers something of singular and enduring value: the chance to be part of a global network of people who have the talent and the drive to change the world.

We are men and women who believe in the power of community action to make a global impact – and together, we have the capacity and the resources to achieve almost anything.

Globally, Rotary is more relevant than ever before, and its potential for good is vast. Unfortunately, not enough people fully understand what Rotary is and does. Even within our clubs, many Rotarians don’t know enough about Rotary to take full advantage of what Rotary membership offers.

Rotary service transforms lives and communities. To achieve even more of that truly transformational service, we need to think differently about our role in Rotary, and Rotary’s role in the world. We need to put more emphasis on our public image, using social media to build our membership and attract the partners that can help us scale up our service. We need to focus on larger projects that have a more lasting impact, taking the time to research and plan work that spans Rotary years and terms of office. Most important of all, we need to Be the Inspiration for positive change, inspiring our clubs, our communities, and our organization to face today’s challenges head on, with courage, optimism, and creativity.

As Paul Harris put it, “Rotary is a microcosm of a world at peace, a model which nations will do well to follow.” To me, Rotary is not only a model but an inspiration. It shows us what is possible, inspires us to reach for it, and gives us a path to act – and to Be the Inspiration to our world.

We are men and women who believe in the power of community action to make a global impact
Rotary International Presidential Citation 2018-2019

Goals for Priority 1:
SUPPORT AND STRENGTHEN CLUBS
Achieve at least 3 of the following goals:
1) Achieve a net gain of 1 member
2) Maintain or improve your club’s retention of current and new members:
   - Improve your club’s retention rate by 1 percentage point
   or
   - If your club’s retention rate was 90 percent or more in 2017-18, maintain it
3) Achieve a net gain in female members
4) Have at least 60 percent of club members report their birth dates through My Rotary
5) Sponsor or co-sponsor a new Rotary club
6) Conduct a classification study of your members’ occupations, and work to align your membership with the mix of businesses and professions in your community

Goals for Priority 2:
FOCUS AND INCREASE HUMANITARIAN SERVICE
Achieve at least 3 of the following goals:
1) Sponsor a Rotary Community Corps
2) Sponsor or co-sponsor an Interact or Rotaract club
3) Contribute at least $100 per capita to the Annual Fund
4) Increase the number of members involved in service projects
5) Hold an event to raise funds for, or to increase awareness of, Rotary’s work toward polio eradication
6) Conduct a significant local or international service project in one of Rotary’s six areas of focus

Goals for Priority 3:
ENHANCE PUBLIC IMAGE AND AWARENESS
Achieve at least 3 of the following goals:
1) Post successful club projects, with details about activities, volunteer hours, and funds raised, on Rotary Showcase
2) Use Rotary’s brand guidelines, templates, People of Action campaign materials, and related resources
3) Arrange for the club’s members to talk with the media to tell your club’s, and Rotary’s, story
4) Host an event for Rotary alumni, and highlight Rotary’s networking opportunities
5) Continue or establish a partnership with a corporate, governmental, or nongovernmental entity and work on a project together
6) Sponsor a Youth Exchange student or RYLA participant
When I began my term of office as District Governor, I was inspired by this quote:

"the size of your dreams must always exceed your current capacity to achieve them."

I put down some goals – some so big they scared me too. The first month of my term did not go as planned and I was not sure whether we, as a district, would recover from the loss of our beloved RIPE Sam Owori. But as it turned out, this tragedy re-ignited our passion for Rotary.

I am overwhelmed by what we have achieved during my year. We have exceeded all expectations and demonstrated that we are ‘People of Action’. During 2017-18, we as a district have raised more money than ever before and have reached new heights in our contributions to the Foundation. We have added to our numbers and have birthed 11 new Rotary Clubs. At the community level, we have undertaken initiatives that are making a difference in people’s lives. And because of this spirit of service and the partnerships we have forged, Rotary in D9211 is more visible than ever before.

I would like to thank you in a special way for sharing my passion for the environment. When I chose Mission Green as my signature project – I had no idea how it would be received. But 12 months later, we had planted over 1 million trees and are still counting. Thank you Mission Green Presidents for leading this effort with such enthusiasm and I pray for your continued commitment to preserving our environment.

I would like to thank all the members of the Rotary fraternity of D9211 for entrusting me to lead the district in 2017-18. I am so grateful for the many friends I have made and served with. I will always remember, with great fondness, my visits to the different clubs, the fellowships and the swallowships. Our recent District Conference and Assembly (DCA) in Entebbe was unforgettable and offered me yet another an opportunity to appreciate the fun and fellowship that the Rotary family accords us. And I am prouder than before to be part of this great organization.

It has been the greatest honor of my life to serve as your District Governor; and Judy and I will forever be grateful for the love and support that you have shown us. May God bless each and everyone of you abundantly.
Message from the District Governor

Shamillah Bhat
District Governor,
2018 - 2019

Dear President Ivan,

Congratulations on your installation as the President of the Rotary Club of Kampala Central.

This is a great honor afforded to a chosen few and I wish for you and your members to have an exceptional year.

The theme for this Rotary year is “Be the Inspiration”, but it’s more than that. It is how we should see ourselves and the roles we play in Rotary. Imagine 1.2 million of us becoming the inspiration that the world is looking for to act as the role models for others to emulate.

Becoming a President and leader of your club is a choice, and it is the first step in a journey. Like all journeys, there will be challenges along the way. When one chooses to drive a car, traffic jams become a part of one’s life, and with earning income comes income tax, so choosing to become a leader will come with its fair share challenges. There will be instances that require you to dig deep and press forward with passion, compassion and an inherent drive to do good.

The bigger the plans, the greater the issues can be. When one wants to “walk” 2 kms, the issues are few, but when you choose to run a marathon there are a lot more issues to deal with. This journey is a great one, and so too may the challenges be. This is why it’s important that you remain focused and motivated to be an unwavering representation and what Rotary stands for.

We recognize and admire the strength you have shown by assuming this leadership role and look forward to the Rotary year of 2018-19.

We are eager to see the ways in which you will elevate yourself from a history reader to a history maker.

All this from the ways that you will be the inspiration to your families, your clubs and your communities, to help build the world we all want to see.

I would like to thank you for all that you have done in Rotary and all the good we shall do together hereafter.

Becoming a President and leader of your club is a choice, and it is the first step in a journey. Like all journeys, there will be challenges along the way....

Message from the Immediate Past Assistant Governor

The Rotary fraternity, guests and partners in service, it gives me much pleasure to welcome you to this special function where we are witnessing yet another harmonious and amicable change of leadership in our club.

I was gratified and elated when I was posted to this great club as its Mission Green Assistant Governor (AG) by District Governor (DG). Being culturally a green club, in a year when the Green crusade was launched, it felt like landing in a garden of Eden, lavish with an extravagance of greenery all over. It has been a pleasure and pleasant experience working with the Rotary Club of Kampala Central. A club of people with zeal, commitment, enthusiasm and vibrancy. I have been satisfied and I am overly happy to have been part of a successful performance, written, conducted and executed by the board led by MGP Barbara Mbabazi and the entire club membership at large. We have had six areas of focus which we have balanced and dealt with and made a difference not only in the communities we have served but also in our attitudes and orientation toward each other.

I have been a proud member of the Mission Green Team. Special thanks go to the ebullient and resplendent DG Kenneth Wyclife Mugisha for according me the opportunity to supervise and guide the development and growth of this magnificent club on his behalf.

Finally, I am very grateful to MGP Barbara Mbabazi, the Club Board and entire club membership for the cooperation and hospitality I have always received during all my visits to the club. I salute the club for having many of its members serving beyond the club. I am proud to state that I have enjoyed working with the club as its AG. And taking note of the brain power, skills abundance, gusto, prowess, agility, intrepidity and enthusiasm so far exhibited, I have no doubt that the club is destined to grow in leaps and bounds. I congratulate the club for having had impactful projects in its 25 years of service, kudos on this SILVER JUBILEE day. I wish the new AG, Rtn Francis Ssemwanga, Major Donor, and board led by President Ivan Mwondha, PHF, a joyful execution of club goals and corresponding success.

I congratulate the club for having had impactful projects in its 25 years of service, kudos on this SILVER JUBILEE day.
I wish to state that it is my pleasure and honour that I am going to serve with you as your Assistant Governor in this Rotary year 2018/19. I really thank you for the warm welcome and cooperation you have so far accorded me. I really feel at home.

In a special way, I thank outgoing President Barbra and the Board for the work well done.

A lot has been achieved in the last Rotary year of service as a club. I congratulate the club for the numerous achievements like the service projects, the interesting and informative fellowships, the mission green campaign, the youthful and balanced membership of men and women, your great participation in the Rotary Foundation programmes, your great support and partnership with the youth, Family of Rotary activities, having many leaders serving beyond the club among others.

Allow me welcome and congratulate President Ivan upon assuming the highest office in the club.

Thanks for accepting to take on the mantle of this club. On Saturday 9th / 06 /18, we had a club retreat where we brainstormed on a number of issues regarding strategic planning for our club with regard to the Rotary year 2018/19. With your strong board, support from the President and the good quality members of this club, I am very confident that this club is going to achieve even more in this Rotary year of inspiration.

To my brother, the outgoing AG Andrew, thanks for the work well done of being there and guiding this club in making a difference in peoples’ lives. Your efforts have made this club shine. I pledge to carry on your work and take this club to yet another level.

Let us be the inspiration.
Message from the Country Chair Uganda
2018 - 2019

Dear Inspirational President

Ivan E. Mwondha

Congratulations on your installation as President of your club. But as you are aware, to whom more is given - more is expected. This year’s theme - Be the Inspiration is exciting because of the endless possibilities that it evokes. But it is also daunting because of the high expectations.

As an Inspirational President, your club members will be looking up to you for innovative ways of: growing and enhancing membership engagement; increasing the club’s giving to the Foundation; mobilizing resources to undertake bigger and impactful projects; increasing the club’s visibility etc. You have a sizeable task ahead of you. And because of this, your leadership will continuously be put to the test.

How you navigate and succeed will depend on many things: your individual skills, your passion, your creativity and perseverance. But ultimately, achieving this year’s goals will depend on your ability to engage, enthuse and inspire your club members into action. Only together as a team, will you achieve success and create lasting change. As Michael Jordan said:

“talent wins games but teamwork wins championships!”

As the Country Chair, I welcome you to Team Inspiration and I wish you a rewarding year of service. I also look forward to serving with you as we strive to be the inspiration.
10 Reasons to Join a Rotary Club

### Goals & Workplan for the Rotary Club of Kampala Central 2018 -2019

#### GOAL 1: SUPPORT AND STRENGTHEN CLUB
- Foster Club innovation and flexibility;
- Encourage Clubs to participate in a variety of service activities;
- Promote membership and diversity i.e. 10 additional members with a focus on female memberships;
- Improve member recruitment and retention by more than 1%;
- Develop leaders;
- Encourage Strategic Planning at Club level;
- Strengthen Club administration;
- Populate 'myrotary' by having 100% members report;
- Classification survey.

#### GOAL 2: FOCUS AND INCREASE HUMANITARIAN SERVICE
- Increase sustainable service
- Support the full Youth Services Program.
- Encourage and facilitate Club and multi-Club cooperation in developing projects that attract worthy action and publicity.
- Eradicate polio
- Encourage Club to support ‘End Polio Now’ until the job is done. (Foundation giving)
- The Rotary Foundation (TRF) giving of up to $20,000.
- Create an understanding of TRF’s ‘six areas of focus’ and support Club in adopting programs aligned to these both locally and internationally:
  - Promoting peace.
  - Fighting disease.
  - Providing clean water.
  - Saving mothers and children.
  - Supporting education.
  - Growing local economies (promotion of six areas of focus, guest speaker pool, promote activities undertaken, Foundation giving)
- New Corporate partnerships
- Participating in the joint malaria project.

#### GOAL 1: ENHANCE PUBLIC IMAGE AND AWARENESS
- Unify image and brand awareness
- Develop, implement and monitor a Public Relations and Media plan that benefits the Club.
- Publicize action-oriented service on rotary showcase with details.
- Develop and implement methods for publicising local activities in local and national media including Rotary (Zone and RI) publications/media.
- Promote core values i.e. encourage ‘Core Values’ to become a way of life for all Rotarians. (4 way test, code of conduct)
- Emphasise vocational service
- Engage with local business leaders to provide a greater understanding of diversity and how it can enrich both individuals and Rotary in general.
- Encourage Club to promote networking opportunities and signature activities i.e. self-promotion as a means to appreciation and growth.
- Media engagement to promote rotary all year round.
- Sponsor RYLA participants.
Past District Governors, Past and Incoming Assistant Governors, Guest of Honor, Chief Guest, Immediate Past President Barbara, Inspirational Presidents present, Other Past Presidents of the Rotary Club of Kampala Central, the Outgoing and Incoming Board of Directors, fellow Rotarians, other specially invited guests, ladies and gentlemen, good evening. It is my pleasure to give remarks as the newly installed President of the Rotary Club of Kampala Central and its with humility and gratitude that I accept the role and responsibilities that come with the Presidency of our great club.

First of all, allow me to give you a brief history of my involvement in Rotary. I was introduced to Rotary by a good friend, now Past President of this club. I have never looked back and over the years I have diligently served the club in various capacities including PR Director, Membership Director, Club Admin Director, Secretary and Sergeant at Arms. The weekly interactions really opened my eyes to the significant work done in the community by the Rotary Club of Kampala Central. The work of the Rotary Foundation in the eradication of Polio was particularly humbling in addition to the medical outreaches in Lukwanga as well as the ‘Adopt a village’ concept in Lukwanga which had a multifaceted approach towards improving the lives and standards of living for the communities out there in Lukwanga. Of course, the opportunity to meet and work with other business leaders in our community did not escape me.

Over the years I have seen the Club grow from Strength to Strength and I have witnessed the projects grow in terms of impact and magnitude. I also believe that the years I spent serving in various capacities shall stand me in good stead and have equipped me with the skills needed to coordinate the activities of the Club with the team of Directors elected to serve in the Rotary year 2018-2019.

Rotary International President Barry Rasin has established the theme for the Rotary year 2018-2019 as “Be the Inspiration”, thereby calling on leaders to work for a sustainable future and to inspire Rotarians and the community at large. He challenges us to reach within our own heart to understand that all of humanity has the same dreams, similar hopes and similar problems. We must therefore work together to ensure that all of humanity realize their dreams and hopes and solve our problems. “I would like to want you to inspire in your clubs, your Rotarians, that desire for something greater. The drive to do more, to be more, to create something that will live beyond each of us.” Rassin stressed the power of Rotary’s new vision statement, “Together, we see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.” This describes the Rotary that leaders must help build, he said.

I want to challenge us this evening that we can make a positive difference in the world through the practical application of our love for Rotary. This love can be expressed in lending a helping hand wherever it is needed, feeding the hungry and practicing justice. This is the fulfillment of our motto ‘Service above self’.

In keeping with the theme, I would like to call upon all Rotarians and not just the Rotarians of RC Kampala Central but the larger community to Love Rotary, Live Rotary, Laugh Rotary, Enjoy Rotary, Support Rotary, Promote Rotary and Act Rotary as we seek to inspire and ignite Rotary. Let us Aspire to Inspire before we Expire!

In closing, I would like to remind us in the words of Thomas Woodrow Wilson, “You are not here merely to make a living. You are here in order to enable the world to live more amply, with greater vision, with a finer spirit of hope and achievement. You are here to enrich the world, and you impoverish yourself if you forget the errand.”

I challenge us to live our motto of ‘service above self’ in order to leave humanity better than we met it.

I thank you.
I would like to call upon all Rotarians and not just the Rotarians of RC Kampala Central but the larger community to Love Rotary, Live Rotary, Laugh Rotary, Enjoy Rotary, Support Rotary, Promote Rotary and Act Rotary as we seek to inspire and ignite Rotary. Let us Aspire to Inspire before we Expire!

Ivan Emmanuel Mwondha
President, Rotray Club of Kampala Central, 2018 - 2019

shed my course, I have kept the faith:

thy 4:7)
In 2011, the club was registered as a company limited by guarantee under the Companies Act. The Club has been qualifying for grants implementation.

Our service goal is to provide holistic and transformational community service with progressive outreach to poor and marginalized poor women, children and men who will subsequently realize good health, self-sustenance and peace.

Our Strategic Plan 2014 -2018 focused on evolving programmes along selected areas of competence (based on member vocations), with long-term programme activities, secured funding and institutional partnerships for joint implementation. By June 2018, this strategic direction should have caused realisation of two (2) adopted villages, over six (6) institutional partnership arrangements and a broad-based scheme for formal and vocational education support. The main programmes focus on preventive health and safe water, basic education and literacy, environment and economic development, all aligned with the RI six areas of focus. We plan to review our strategic plan to run from 2018 to 2021.

We have progressively enhanced our community programmes visibility as well as online interaction through the Club website on http://www.clubrunner.ca/kampalacentral; ‘The Passion’, a monthly e-bulletin which is widely disseminated, social media like Facebook, Whatsapp and Club runner.

Our growing service portfolio necessitated a 60% net membership increase over the last 3 years.

We continue to make deliberate efforts to mainstream gender in membership recruitment, with emphasis on the RI Presidential Citation, member participation in service projects, youth development and partnership development. We have previously undertaken classification and currently conducting member satisfaction surveys and we have implemented the outcomes of the surveys.

Member awareness about the Rotary Foundation has increased and our giving surpassed the planned target in 2016/2017. In 2011/2012 we contributed US$ 7,398 to TRF; in 2012/2013 we contributed US$ 2,339 and in 2013/2014 we contributed a total of US$6,522 to the TRF, in addition to every member of the Club contributing to Every Rotarian Every Year (EREY). The club is now 65% PHF. This trend will be sustained in 2018-2019.

Our aspiration to secure strategic Rotary and Corporate partnership has continued. For instance, our main community service portfolio covering 8 villages is being supported through joint ventures with the Rotary Club of Nørresundby, Ebeltoft Rotary Club, Denmark. We have a strong relationship with the Parliament of Uganda, Kampala Capital City Authority, National Drug Authority, and Reproductive Health Uganda among others for medical outreach programmes. The Club has further enhanced relations with Mukono Church of Uganda Diocese - Christian Women Fellowship and Nyenga Seminary to implement the Green mission by planting 100,000 trees.
The Club has also secured partnership with Uganda National Roads Authority to plant trees along the road network countrywide. We are implementing the Basic Education and Literacy Programme in Lukwanga-Wakiso District, in collaboration with RC Greater Huntsville-USA. We are in the final stages of kick starting the project.

The Club is now 25 years old and most of its past Presidents continue to serve in various capacities as well as serve at country level. It was chartered in 1993 with 45 members among whom 3 members are still active in the club. We have had 24 past presidents with now 14 still active.

Celebrating the Achievements of Rotary Club of Kampala Central

The Rotary Club of Kampala Central has been in existence for the last 25 years. As we celebrate our Silver Jubilee, a number of achievements have been realized in the following areas; Basic Education and Literacy, Maternal and Child Health, Water and Sanitation and Disease Prevention among others. Our service portfolio is drawn from periodic needs assessments which commenced in 2009.

Some Past Projects and Key Achievements:

Rotary 1993/1994
- Sponsored 3 orphans for Computer Training Courses
- Donated corset to a disabled girl and paid her school fees for Senior 3 and 4
- Sponsored baby Pearl for heart surgery in London.

Rotary 1994/1995
- Drilled and commissioned 4 bore holes and one school water catchment unit in Nanvunamu Iganga District, Eastern Uganda

Rotary 2000/2001
- Hosted a Group Study Exchange team for the Rotary Foundation programs

Rotary 2001/2002
- Carried out major immunization campaign in Bukoto, Kampala
- Undertook a project with Bukoto Elderly Community, Kampala
- Supported Bukoto community on kitchen garden establishment for household nutrition

Rotary 2002/2003
- Supported the Internally Displaced Camps in Northern Uganda with support from WBS Television
- Established and run an immunization centre in Kazo - Bwaise under the care of St. Luke Clinic

Rotary 2003/2004
- Initiated the Mengo - Kisenyi (Kampala Slum area) Multi-faceted anti malaria project
- Facilitation of Mengo Hospital Theatre, Kampala

Rotary 2004/2005
- Multi-faceted anti malaria project at Mengo - Kisenyi, that involved a number of club members.
- Commenced formation of RCC in Mengo - Kisenyi. And with grant of USD 6,800, rehabilitating of over 69 commercial sex working male and female from the streets. The club facilitated them with technical training in tailoring, candle making, packing and marketing, shoe making. Each of the youth were given start kits for self-employment.
- Borehole project at Namataba that was worth USD 6500.
- Matching Grant - Provision of Autoclave to Mengo Hospital, Kampala given to the maternity ward USD 7800.
- Public Seminar on World Peace and understanding, Kampala
- Painting of Shimoni Demonstration School, Kampala

Rotary 2005/2006
- During the celebration of Rotary’s 100 years, the club organized the first ever joint Wednesday fellowship on 23rd Feb 2006. We hosted 315 Rotarians and guests from various clubs led by the Wednesday clubs and officiated by the District Governor of Kenya and Governor Bank of Uganda Rtn Emmanuel Tumusiime Mutebile as guest of honor.
- Immunization at Kazo Bwaise - St. Luke Clinic Church of Uganda & Maganjo
- Supported orphanage at Wamala
- Recieved matching Grant of EURO73,000 to support five schools in the West Nile, Adjumani, Moyo, Yumbe, Nebbi and Arua. Facilitated the provision of Solar Lighting and panels for rural primary schools, metallic beds for girl’s dormitories in from primary five to primary Seven. Allowing the girls and boys in the boarding section to have evening prep and also sleep in comfort while competing equally with other school at primary leaving examination.
- Career Guidance day at Green Hill Academy and also planted total 46 trees around the school. This marked the growing interest for the club in greening the city and addressing issues of environment.

Rotary 2006/2007
- Provided immunization services at Kazo Bwaise - St. Luke Clinic Church of Uganda & Maganjo
- Supported orphanage at Wamala
- Donated MG 61564 - Standby generator to Mengo Hospital for the maternity ward to support doctors during the night surgeries for expecting mothers.

Rotary 2007/2008
- Supported orphanage at Wamala
- Donated MG 61564 - Standby generator to Mengo Hospital for the maternity ward to support doctors during the night surgeries for expecting mothers.
Rotary 2008/2009
• Donated 3 water filters to schools through Rotaract Club of Kampala Central
• Printed and Distributed Four Way Test Banners
• Launched the Trees for Life project with support from KCCA. This was one of the first Tree planting projects that attracted other corporates in environment protection in Uganda which was considered as a mark of Green in the club.
• Matching Grant 67317 - Water Solar Disinfection - Kisoro, in Partnership with RC Red Deer
• Matching Grant 68816 - Equipment & motor Cycle to HIV/AIDS clinic at Mengo Hospital, in partnership with RC Saanich Canada
• Matching Grant 64225 - Wheel chair project - Championed by RC Mengo
• Championed Zone 5 Cultural Food Bonanza - Family day out for all organized by clubs in Zone 5
• Donated a motorcycle to St Luke’s immunization

Rotary 2009/2010
• Sponsored Heart surgery for Solomon Kyazze at Mulago Hospital in partnership with Uganda Heart Institute

Rotary 2010/2011
• Clean up project at Wabigalo in partnership with Kampala City Council
• Sensitized communities at Wabigalo on proper waste management methods under theme - Waste is Wealth
• Light a candle project - raised funds towards surgery of girl with tumor on the head
• Rotarian at Work Day - undertook a medical outreach at Lukwanga

Rotary 2011/2012
• 3 medial outreaches
• Commissioned Lukwanga RCC
• Procured Public Address system for the Rotaract Club
• Launched immunization campaign in Kilombe
• Rotarian at Work Day - undertook a medical outreach at Lukwanga
• Contributed USD7,398 to the Rotary Foundation

Rotary 2012/2013
• Re-roofing and floor finishing of classroom at Good Hope school in Lukwanga
• Provision of water tanks, safe water device & dustbins at Lukwanga under the SASALI project using district grant
• Quarterly health outreaches in Lukwanga
• Environmental protection programs through green tanks, promotion of energy saving cooking methods and planting trees
• Donation of wheel chairs, sports equipment and clothes through a Danish partnership
Under basic education and literacy, Rotary Club of Kampala Central supported upgrading of education facilities and helped improve standards in the schools. The Club undertook a needs assessment at 15 schools and this is what was established:

- Every 3 students in Lukwanga parish shared one desk
- 95% of the students did not have text books and scholastic materials
- Education for the girls was uncertain with early pregnancies and missing out of school during their menstrual period.
- There was lack of any form of recreational activities in Lukwanga schools
- These poor communities are not privileged to source and afford qualified teachers
- In comparison with other schools in Kampala district with improved quality with over (70%) passes, on average only (6%) of students would pass with a first grade in the primary seven leaving examinations (PLE)
- High level of school dropouts: 7 out of 10 students did not proceed to secondary school or do not complete secondary school
- Children who could continue to secondary education had to walk 8km or more making 16 km per day
- Girls children walking long distances for education risked rape and abduction among others.
- Commitment to education was lacking. Of the 1,303 children below 18 years of age in four villages (25%) did not attend school. However, the most affected was Luggi village where (65%) of the children do not attend school, Luggi community had the lowest average monthly income estimated at Ushs 10,000.
- Some did not attend school due to the parent’s attitude towards education and the orphans living with the elderly are most affected.
- The aggravated effect rendered over (70%) of the youth redundant with limited skills to advance their careers.
- Lack of access to computers at schools or in their households.

In 2013 the club refurbished a classroom block at Good Hope Primary school with 2 classrooms and now currently housing a nursery section of the school as in an annex. This was done with funding from donations made by the Club partners from the Rotary club of Norresbury Denmark.

In 2016, the Rotary Club of Kampala Central in partnership Greater Huntsville (USA) started implementation of the following interventions at 6 schools.

**Aim:**
1. Support programs that strengthen the capacity of communities to provide basic education and literacy.
2. Provide school equipment and the children with scholastic materials
3. Reduce gender disparity in education
4. Provide training in teaching literacy by conducting professional development for the teachers

**Achievements:**

a) Provided a lot of support in various areas which included: Repaired and painted
classrooms, provided 280 desks and chairs, 10 First Aid Boxes, 100 Footballs, 100 Netballs, 100 Volleyballs, scholastic material, 500 Sanitary Pads, classroom book cases and furniture.

b) Supported the top 10 ‘ACADEMIC GIRL STUDENT EXCHANGE’

c) Conducted girl child counseling

d) Education Scholarship: In 2014/15, the club started an education scholarship where it sponsors eight students from Lukwanga parish for secondary education at Lubiri High School – Buloba Campus. These students were taken on from Senior (S1) one and the scholarship covers up to Senior four (S4). Despite the closure of the project, this initiative will continue. The project was officially closed on Friday 20th April 2018 at Lukwanga Good Hope Primary School. The Ministry of Education and Sports along with the individual schools will continue to ensure long-term success of this project.
Since the Rotary Year 2010/2011, the club has been conducting Health Medical Camps in Lukwanga village. Every rotary year, four (4) medical camps are carried out in which over 800 patients of ages from 1 month to 90 years are attended to for services including Dental, HIV Testing and counselling, Maternal health and family planning, Child health and immunization, blood donation, Safe male circumcision, eye care services, Cervical cancer screening, Ear assessment and general treatment. This was also incorporated into the club’s strategic plan as some of the activities to carry out to reduce disease prevalence in this community and the club has registered great success to-date.

We also distributed wheel chairs to People With Disabilities (PWDs) with support from Wheel Chair Foundation.

SUPPORT TO FREDA CARR NGORA HOSPITAL, UGANDA - GG#1745984.

The Project funding is worth $192,088. Under this new project, the Rotary Club of Kampala Central will support Freda Carr Ngora Hospital (FCNH) and its Nursing and Midwifery Training School. They serve a poor rural area of Ngora, about 25Km from Kumi District headquarters. The project will provide a water supply tank, refurbish the maternity ward and operating theatre. This will enhance the health facilities and support continuation, extension and improvement of the life-saving work of FCNH.

A Vocational Training Team (VTT) will visit six times over the next three years thus improving the education and skills given to local staff and future generations of nurses and midwives. This will help improve healthcare for this poor rural area where many would otherwise go untreated, resulting in needless disability and increased maternal and infant mortality rates.

Areas of focus:

a) Water and sanitation
b) Maternal and child health

Expected outputs:

a) Reduced mortality and morbidity rate for children under the age of five;
b) Reduced maternal mortality and morbidity rate;
c) Improved access to essential medical services, trained community health leaders and health care providers for mothers and their children;
d) Studies for career-minded professionals related to maternal and child health supported.

Sustainability:

The current maternity ward, operating theatre and water infrastructure are operated and maintained by the hospital. They will continue to do the same with the refurbished facilities. After refurbishment the task will be easier and more income will be available as improved facilities attract more patients who pay fees.
FCNH has a resident maintenance team who look after the existing buildings and they will care for the refurbished buildings. The required resources will be provided through income generated by the hospital and support from UPMB (MoU signed between the partners in this regard). The nursing tutors will be trained to maintain their equipment. Replacement parts are not required.
Key Achievements of the Club

Water and Sanitation

Rotary Club members understand that, water is essential for a wide range of human activities, including drinking, cooking, bathing, and irrigation, and that lack of clean water is linked to preventable health problems such as dehydration, diarrhea, bacterial or parasitic infection, typhoid, and a long list of other gastrointestinal disorders. Communities that rely on contaminated water live with widespread illnesses in the population that adversely affect school attendance of the children, markedly decrease productivity of the adults, and contribute to increased mortality levels.

Aims:

- Increase Household Access
- Safe water
- Sanitation and hygiene
- Reduced burden of long distance access points
- Retention of children in school and reduced child burden

Achievements:

- Drilled boreholes
- Held Workshops on safe water and sanitation best practices
- Organized Hand washing campaigns (ROCK)
- Sensitized community members on water harvesting from roof tops
- Water filtration - biosand water filter.

The benefiting schools included:

1. Onwards and Upwards Secondary School - Wakiso District,
2. Modern Secondary School Ocoko - Arua District,
4. Heroes Secondary School was provided with an enhanced Iron Removal Filter.

More benefiting schools.

1. Namagabi Secondary school, Namagabi village, Ntenjeru North County, Kayunga District.
2. New Generation Secondary School - Lira District located in Adyel division, Lira municipality, Kamdini Road in the northern district of Lira
3. Otumbari Secondary School - Arua District located in Azati Parish, Odupi sub-county, Terego East Constituency, in Arua District in the northwestern region of Uganda near the border with South Sudan.

More interventions included:

1. The Rotary club of Kampala Central has been involved in other interventions to ensure that our communities get access to clean portable water for domestic use. This has been mainly in Lukwanga Parish, Wakiso District where the club established an RCC and conducted a needs assessment covering all six areas of focus. The water interventions have been through provision of one borehole well every Rotary year in each of the villages of Ntinda, Gimbo, Muyenje and Luggi, all in Lukwanga Parish. This started in the Rotary year 2014/2015 with great support from Elbeltoft Rotary Club in Denmark, who provides funding
to the tune of $10,000 every rotary year.

2. In 2013/14, the club received support from Safe water Saves Lives (SASALI) - D9200 DDF to support water harvesting at Gimbo primary school. In addition to this, the club also provided rainwater harvesting facilities through provision of a 5,000lt water tank to Good Hope Primary school in Lukwanga and Biosand water filters to ensure that over 450 children who go to this school (including 45 orphans) do not drink unsafe contaminated water. This was done through the Safe Water Saves Lives (SASALI) Project, which was done by the Rotary Club of Kampala Central in Partnership with the Rotaract club of Kampala central (The ROCK) and the Lukwanga Community Corp.

Also
Conducted several economic activities and vocational skills trainings for various communities
Key Achievements of the Club

Mission Green

"We have participated and continue to support the Mission Green Campaign through various ways like planting trees, and other Mission Green activities."
We are grateful for the support from District Governors, Assistant Governors and Country Officers whose regular support continues to offer opportunities for membership growth and strengthening the Club.

We are also grateful for the strategic partnerships with the following stake holders;

**International Partners**
- Rotary Club of Nørresundby
- Rotary Club of Dubuque
- Rotary Club of Norrenburry Denmark
- Rotary Club of Reading Matins - UK
- Rotary Club Greater Huntsville - USA
- Ebeltoft Rotary Club, Denmark
- Quench and connect - USA

**Local Partners**
- The Parliament of Uganda
- Kampala Capital City Authority
- National Drug Authority
- Reproductive Health Uganda
- Mukono Church of Uganda Diocese - Christian Women Fellowship
- Nyenga Seminary
- Uganda National Roads Authority
- Lukwanga Community
- Indian Association of Uganda
- Family Planning Association
- Ministry of Health
- UNICEF
- World Health Organisation
- Quickpick Supermarket
- Housing Finance Bank
- Uganda Health Marketing Group
- Phillips Pharmaceuticals (U) Limited
- Teclab Limited
- Kampala Sightseeing Bus

**Mother Club**
- Rotary Club of Kampala

**Rotaract Clubs**
- Rotaract Club of Kampala Central (The ROCK)
- Rotaract Club of Nakawa Vocational Training Institute (NVTI)
- Rotaract Club of Cape Munyonyo

**Interact Clubs**
- Interact Club of Kololo SSS
- Interact Club of Pearl High Makindye
- Interact Club of Standard High Zzana

Rotary Club of Kampala Central would like to thank all its partners for the support towards the various projects. Thank you to all the members and friends of the Rotary Club of Kampala Central.
Club Highlights in photos
Numbers and facts on Polio

1) **Polio still exists:** While Polio is a distant memory in most parts of the world, the disease still exists in some places and continues to paralyze children under 5. One in 200 infections leads to irreversible paralysis. Among those paralyzed, 5%-10% die when their breathing muscles become immobilized.

2) **We are 99.9% of the way to eradicate polio globally:** When the Global Polio Eradication Initiative was formed, 99.9% of polio decreased and more than 16 million people have been saved from the paralysis.

3) **There are just 3 countries which have never stopped the transmission:** Afghanistan, Nigeria and Pakistan are the 3 countries which are still striving to stop the spread.

4) **Unlike most diseases, polio can be completely eradicated:** There are 3 strains of wild poliovirus, none of which can survive for long periods outside of the human body. If the virus cannot find an unvaccinated person to infect, it will die out. Type 2 wild polio virus was eradicated in 1999 and cases of type 3 wild poliovirus haven’t been found anywhere in the world since 2012.

5) **Cheap and effective vaccines are available:** There are 2 forms of vaccine available to ward off polio - Oral Polio Vaccine (OPV) and Inactivated Polio Vaccine (IPV). Because OPV is an oral vaccine, it can be administered by anyone, even volunteers. One dose of OPV can cost as little as USD 0.14. In other words. One meal of USD 5 can save up to 35 lives from Polio.

6) **The global effort to eradicate polio is the largest Public Private Partnership for public health:** In fact, it is the largest ever internationally coordinated public health effort in history. The Global Polio Eradication Initiative is led by national governments with 5 partners; Rotary International, World Health Organisation (WHO), the US Centers for Disease Control and Prevention (CDC), United Nations Children’s Fund (UNICEF) and the Bill and Melinda Gates Foundation. Underpinning the effort is a global network of more than 20 million volunteers worldwide who have collectively immunized nearly 3 billion children over the past 20 years.

7) **Large-scale vaccination rounds help boost immunity:** The Global Polio Eradication Initiative assists countries in carrying out surveillance for polio and large-scale vaccination rounds. When India was still polio-endemic, there were 640,000 vaccination booths, 2.3 million vaccinators, 200 million doses of vaccines, 6.3 million ice packs, 191 million homes visited and 172 million children immunized: all this in just one round of the national immunization days.

8) **Zero case should be heard:** Every child must be vaccinated to eradicate polio. This includes those living in the most remote and underserved places on the planet. To get each vaccine safely to children anywhere, all manner of transport is used from donkeys to motorbikes to helicopters to reach those living in remote areas, in conflict zones or difficult terrain.

9) **Polio-funded staff, strategies and resources are also used to advance other health initiatives such as routine immunization:** Strategies to find and map every child can be applied to other public health initiatives such as routine immunization. While a vaccination team is in a remote village, they can, for a little additional cost, provide other health interventions while they are there. For example, Vitamin A has been given alongside polio campaigns. Since Vitamin A gives a general boost to immunity, it allows children to fend off a range of infections, this has averted more than 1.5 million deaths.

10) **We can eradicate Polio:** 80% of the World’s population now living in certified polio-free regions. The world can be freed from the threat of Polio with every one’s commitment, from parents to Government workers and political leaders to the International Community.
VISION
Malaria is Eliminated Worldwide

MISSION
To ignite an international Rotarian Campaign for the Global Eradication of Malaria

STRATEGIC PARTNERS

Rotary Club of Kampala Central is proud to be associated with the Rotarian Malaria Partners
We offer tailor made tours for Corporates, Conferences, Training Institutions and other Organisations around Kampala & Other Sights like Hotels & Shopping centers

Raja Chambers, Parliamentary Avenue, 2nd Floor Rooms F2 039 and F2 046

+256 393 276 488, +256 778 285 666, +256 704 113 234
