

# ROTARY AND PEACE THROUGHOUT THE WORLD

Rotary  
Club Prague International

It started as a simple exercise in cat sitting (admittedly the cat was in the capital city of the Czech Republic), but for Paula Boyd-Billings of Rugby Saturday Breakfast it quickly became a wonderful Rotary experience and an opportunity to be reminded that we are an International organisation.

She took the opportunity to attend a meeting of Prague International Rotary club and can be seen here receiving a pendant from Club President Radka Rajská.

Fortunately for Paula this is the English speaking club of Prague and she was fascinated by the fact that there were 17 different nationalities among the members.

The meeting saw farewells for a member who was moving to live in France and the induction of a new member. On top of this there was a talk from the President and at the end of an enjoyable evening the President and her husband gave Paula a lift home.
