Dear Steve,

Your generosity is changing lives. All youth have **unlimited potential** and Big Brothers Big Sisters is proud to make an impact in our community by **igniting** that potential. Your grant of \$1,000 provides the resources necessary to **empower** our Littles so they may discover their **biggest possible futures**.

Your support helps foster experiences for our Littles they may not have had otherwise. *"I love doing other people's hair. I always have. My Big Sister [Shawna] and I have talked about it lots. About a month ago, she went with me to visit one of her friends who has her own salon. It was awesome! She gave me some tips and tricks. Now, I hope to go to hair school after high school."*

- Little Sister Ta'Nique

As a supporter of our agency, you defend the potential found within Littles such as Ta'Nique, as well as all of the youth in our program. On behalf of all the Littles and families we serve, we are truly grateful for your support of our mission.

For your tax purposes, we would like to note that you received no goods or services in exchange for your donation.

Thank you for your continued support of Big Brothers Big Sisters! Together, we will continue to **Ignite Potential**.

Gratefully,

Nichole
