

Rotary

BE THE INSPIRATION

Omaha Rotary,

I was invited to your recent Honor Roll lunch. As I was driving up to the CHI Health Area, I was wondering what else was going on to bring so many people. Well, imagine my surprise when Your event was THE event! wow!

What an incredible opportunity for the community & these students. Your respect for the students, administration & teachers was beautiful.

Through this lunch, you have made an impact on so many more than just the students who were honored. You have started a tradition that these kids & their families will look forward to.

Congratulations on creating future leaders and future Rotarians! Sincerely - Dr. Julie Ottara
