Dear Rotary Club of Omaha,

Your generosity in support of Madonna School and Community-Based Services empowers us to serve not just individuals but entire families, not only children but people at all stages of life. Because we are blessed with loved ones who have intellectual and developmental challenges, we have experienced how their presence and their needs affect the whole family. That's why we speak as a family when thanking you for the generous gift of \$1,000.00 to support Madonna's mission.

Madonna began in 1960 with a k-12 school and that remains at the core of our mission. What started in 1983 as the Madonna Workshop has evolved into Madonna Community-Based Services for adults. In 2008, we launched our Life Skills Transition Program for 18-21 year olds with a special focus on helping young adults maximize their independence in life. And that led naturally to the creation in 2011 of Madonna Employment Services, which places young adults in good jobs in competitive employment and coaches them to mastery of the job. That's how many of our graduates attain jobs in competitive employment.

Your support sustains our commitment that the children and adults we serve know the dignity and self-worth of holding a steady job and receiving a regular paycheck. Your help makes it possible for us to build on the thirty percent growth we've seen these recent years in the number of individuals we serve.

Our families, faculty and staff are rewarded richly with the love of our brothers, sisters, and friends with special needs. Know that you share in this love. May God bless you and yours.

Gratefully yours

Jay Dunlap  
 President

*Dear Rotarians -  
 God bless you for all  
 your good works and  
 generous support.  
 Jay*

*This letter acknowledges your generous gift of \$1,000.00 to Madonna School, a 501(c)3 organization. Your gift is entirely tax deductible.*

Madonna School was founded in 1960 by Sr. Mary Evangeline, RSM.  
 We educate students with cognitive and other developmental disabilities  
 to become as independent as possible.
