

Dear Mr. Klueck -

Please extend our sincere gratitude to the Rotary Club of Omaha for its generous contributions to Methodist Hospital and NE Methodist College. With your support we will be able to address quality of life issues for so many people in our community.

For our seniors, your support means they will receive important clinical geriatric

evaluations and lifestyle classes all intended to improve their health and longevity.

And, your support of the college's mentoring for veterans program will support our students' outreach in the community to promote personal and intellectual growth to those who have served our country.

Thank you again for your generous support of our community programs.

Sincerely - *Lulu Murray*
